April 25, 1903.
June 9, 1903.

The postal administration of the Republic of Liberia and the Post Office Department of the United States of America being desirous of establishing a system of exchange of Postal Money Orders between the two countries, the undersigned, the Postmaster General, for the Republic of Liberia, and the Postmaster General, for the United States of America, duly authorized for that purpose, have agreed upon the following Articles:

Preamble.

ARTICLE 1.

There shall be a regular exchange of Money Orders between the two countries.

Exchange of money orders.

ARTICLE 2.

The amounts of Orders in both directions shall be expressed in United States money; and to provide for the fluctuations of the rate of exchange between the two countries, it is agreed that all amounts shall be converted into their proper equivalents by the postal administration of Liberia; that is to say, the sums received by the postal administration of Liberia for Orders drawn on the United States shall be converted at the time of issue into United States money, at the current rate of exchange, and the amounts of Orders drawn in the United States on Liberia shall in like manner be rendered by the postal administration of Liberia into the currency of Liberia at the current rate of exchange on the day of the arrival of the list described in Article 9.

To be expressed in United States money.

ARTICLE 4.

The amounts of Money Orders shall be deposited by the remitters and paid to the payees in gold coin, or in other legal money of the same current value. However, in case there should be in circulation in either country a paper currency of legal tender but of less value than gold, the administration of that country shall have the right to receive and employ the same in its relations with the public, taking into account the difference of value.

Payment in legal money, etc.

Article 5.

Rates of fees.

1. The postal administration of Liberia shall have power to fix the rates of fees paid by the public on all Money Orders issued in Liberia, and the Post Office Department of the United States shall have the same power in regard to all Money Orders issued in the United States.

2. Each country shall communicate from time to time to the other its tariff of charges (fees paid by the public), which shall be established under this convention, and these rates shall in all cases be payable in advance by the remitters, and shall not be repayable.

No additional charges.

3. The Money Orders and the receipts given upon such Orders, as well as the receipts that may be delivered to the remitters, shall not be subjected, at the expense of the remitters or payees of the amounts, to any charge or tax whatever in addition to the fees to be received in virtue of Sections 1 and 2 of this article.

Article 6.

Each country shall keep the fees paid by the public charged on all Money Orders issued within its jurisdiction.

Article 7.

The service of the Postal Money Order System between the two countries shall be performed exclusively by the agency of intermediary offices of exchange. On the part of Liberia the office of exchange shall be Monrovia, and on the part of the United States the office of exchange shall be New York, N. Y.

Article 8.

2. In like manner the particulars of Money Orders drawn in Liberia upon the United States shall be entered at the Exchange Office at Monrovia in a list similar to the form marked "B" (in the Appendix), in which shall be shown the amount of each in the money of both countries, which list, after having received the impression of the dating stamp of that office, shall be forwarded to the Exchange Office at New York, N. 3. Each list, as well as the entries in the lists dispatched, shall be numbered consecutively 1, 2, 3, 4, 5, etc., in the order of dispatch, commencing on July 1 of each calendar year, and the receipt of each list shall be acknowledged on either side by means of the first subsequent list forwarded in the opposite direction. 6. Should any list, or the duplicate thereof, not be received in due course, the dispatching Exchange Office, on receiving information to that effect, shall transmit without delay a duplicate or triplicate of the list duly certified as such.

ARTICLE 10.

1. As soon as the list of the dispatching office shall have reached the receiving office of exchange, the latter shall re-issue Money Orders in favor of the payees for the amounts specified in the list, and shall forward them, free of postage, to the addressees or to the offices of destination, in conformity with the regulations in each country for the payment of Money Orders. 2. When the lists shall show irregularities which the receiving office shall not be able to rectify, that office shall demand an explanation with as little delay as possible. Pending the receipt of the explanation, the reissue of Money Orders of payment, relating to the entries found to be erroneous in the list, should be suspended.

3. One copy of each exchange list ("A" and "B") shall be returned by the receiving office of exchange to the dispatching office, but, before returning such copy, the receiving Exchange Office shall enter therein the names of the respective offices of payment of the Orders enumerated in the list, and, in the lists from the United States, returned by the Exchange Office at Monrovia, the latter office shall also enter the amount of each Order in the money of Liberia according to the conversion made by it.

2. The paid Orders shall remain in the possession of the country of payment.

When it is desired that any error in the name of the remitter or payee shall be corrected, or that the amount of a Money Order shall be repaid to the remitter, application must be made by the remitter to the postal administration by which the Order was issued. Errors.

ARTICLE 13.

Duplicate Orders shall only be issued by the postal administration of the country in which the original Orders were payable, and in conformity with the regulations established or to be established in that country. Duplicates.

1. Repayment of Orders to remitters shall not be made until an authorization for such repayment shall first have been obtained by the country of issue from the country where such Orders are payable, and the amounts of the repaid Orders shall be duly credited to the former country in the quarterly account (Article 16).

2. It is the province of each postal administration to determine the manner in which repayment to remitters is to be made.

Article 15.

Orders not paid within twelve months void, etc.

1. Orders which shall not have been paid within twelve calendar months from the month of issue shall become void, and the sums received shall accrue to, and be at the disposal of, the country of origin.

1. At the close of each quarter an account shall be prepared (form "D," Appendix) by the postal administration of Liberia, showing in detail the totals of the lists containing the particulars of Orders issued in either country during the quarter, and the balance resulting from such transactions.

2. Two copies of this account shall be transmitted to the Post Office Department of the United States at Washington, and the balance, after proper verification, shall, if due by the Post Office Department of the United States, be paid at London, but if due by the postal administration of Liberia, it shall be paid in New York, and in the money of the country to which the payment is made.

Payments.

3. Payments may also be made in money, or by sight drafts, or by bills of exchange, payable at sight, on London, on the basis that the pound sterling shall be considered as equivalent to four dollars and eighty-seven cents ($4.87) of the money of the United States.

Article 17.

Remittance of balance.

1. If, pending the settlement of an account, one of the two postal administrations shall ascertain that it owes the other a balance exceeding one thousand dollars ($1,000), the indebted administration shall promptly remit the approximate amount of such balance to the credit of the other, but nothing herein contained shall prevent such administration from remitting a less amount than one thousand dollars ($1,000), at discretion. This account and the letters which accompany such intermediate remittances shall be in accordance with the forms "C" and "D" annexed to this Convention.

Post, pp. 2164, 2165.

2. If payment by the debtor administration be not made within a period of three months from the time such balance accrues, the creditor administration shall have the right to demand and receive interest thereon, at the rate of five per centum per annum.

ARTICLE 18.

1. The postal administration in each country shall be authorized to adopt any additional rules (if not repugnant to the foregoing), for greater security against fraud, or for the better working of the system generally. Additional rules.

2. All such additional rules, however, must be promptly communicated to the Post Office Department of the other country.

ARTICLE 19.

Each administration is authorized in extraordinary circumstances that would justify the measure to suspend temporarily the Money Order service in whole or in part, upon condition of giving notice of such suspension immediately to the other country, and, if deemed necessary, by means of the telegraph. Temporary suspension of service.

ARTICLE 20.

1. This present Convention shall take effect on the first day of July, 1903, and shall continue in force until twelve months after either of the contracting parties shall have notified to the other its intention to terminate it.

2. The Postmaster General of the United States being by law vested with power to make and complete Conventions of this character, no further ratification is required upon the part of the United States; but such ratification shall be made, upon the part of Liberia, as is required by its laws.

In witness whereof the respective duly authorized representatives have signed the above articles, and have hereunto affixed their seals. Signatures.

Convention between the Colony of the Transvaal and the United States of America concerning the exchange of Money Orders.

Preamble.

The Postmaster General of the Colony of the Transvaal and the Postmaster General of the United States of America being desirous of establishing a system of exchange of Money Orders between the two countries, have agreed on behalf of their respective Governments to the following Articles:

ARTICLE 1.

Exchange of money orders.

1. There shall be a regular exchange of Money Orders between the two countries.

Maximum amount.

2. The maximum of each order is fixed at ten pounds, sterling, when issued in the Transvaal, and when issued in the United States at the equivalent in sterling money of one hundred dollars in the money of the latter country, converted at the rate fixed by article 13 of the present Convention.

3. No Money Order shall include the fractional part of a penny, or of a cent.

To be expressed in British money.

4. The amount of each order, whether issued in the United States or in the Transvaal must be expressed in letters in British money, and the equivalent in the money of the United States must also be shown in figures.

ARTICLE 2.

Rates of fees.

1. The Transvaal Post Office Department shall have power to fix the rates of commission on all Money Orders issued in the Transvaal, and the Post Office Department of the United States shall have the same power in regard to all Money Orders issued in the United States.

Fees payable in advance.

2. Each office shall communicate to the other its tariff of charges or rates of commission, which shall be established under this Convention, and these rates shall, in all cases, be payable in advance by the remitters, and shall not be repayable.

Temporary suspension of money orders.

3. It is understood, moreover, that each administration is authorized to suspend temporarily the exchange of Money Orders, in case the course of exchange, or any other circumstances, should give rise to abuses or cause detriment to the postal revenue.

ARTICLE 3.

Fees to be retained.

Each country shall keep the commission charged on all Money Orders issued within its jurisdiction.

ARTICLE 4.

Offices of exchange.

1. The service of the Postal Money Order System between the two countries shall be performed exclusively by the agency of offices of

exchange. On the part of the United States the office of exchange shall be New York, N. Y., and on the part of the Transvaal, Johannesburg.

List of offices.

2. Orders shall be drawn only on the authorized Money Order offices of the respective countries; and each postal administration shall furnish to the other a list of such offices, and shall, from time to time, notify any addition to or change in such list. Every order and advice must contain the name of the office, and of the country of destination, and, if relating to an order payable in the United States, the name of the State in which such office is situated.

ARTICLE 5.

Names and address.

No Money Order shall be issued unless the applicant furnish the name and address of the person to whom the amount is to be paid and his own name and address; or the name of the firm or company who are the remitters or payees, together with the address of each. The Money Orders issued in either country shall be forwarded by the remitters to the payees at their own expense.

ARTICLE 6.

Lists.

1. The advices of all Money Orders issued upon the Transvaal by the Post Offices of the United States shall be sent to the office of exchange at New York, where they shall be impressed with a dated stamp (Form 'A') showing the amount to be paid in sterling money, and transmitted by the next mail to the exchange office at Johannesburg, accompanied by a list, in duplicate, drawn upon the model of Form 'B.'

Post, p. 2169.

Post, p. 2169.

Duplicates, etc.

2. These advices on their arrival in Johannesburg shall be compared with the entries in the list and, afterwards, dispatched to the paying offices. In like manner the advices of Money Orders drawn on the United States by Postmasters in the Colony of the Transvaal shall be sent to the exchange office at Johannesburg, shall there be impressed with a dated stamp (Form 'A') showing the amount to be paid in United States money and be dispatched accompanied by a list in duplicate, (Form 'C') to the office of exchange at New York, N. Y., by next mail.

Post, p. 2169.

Post, p. 2170.

3. The advices on their receipt at New York shall be compared with the entries in the list, and afterwards dispatched to the paying offices.

Certification of orders.

4. Each exchange office shall certify its orders to the other in amounts designated in the denominations of the money both of the dispatching and receiving country at the rate of conversion established by Article 13 of this Convention. The amounts so converted shall be checked at the receiving office of exchange.

Post, p. 2169.

ARTICLE 7.

Lists to be numbered.

1. The lists dispatched from each office of exchange shall be numbered consecutively, and the entries in these lists shall, also, have consecutive numbers, commencing at the beginning of the month of July in each year.

Return of duplicates.

2. Of each list dispatched a duplicate shall be sent, which duplicate after being verified by the receiving office of exchange shall be returned to the dispatching office of exchange.

Correction of errors.

3. Each office of exchange shall promptly communicate to the other the correction of any simple error which it may discover in the verification of the lists.

Explanation.

4. When the lists shall show irregularities which the receiving office of exchange shall not be able to rectify, that office shall apply for an explanation to the dispatching exchange office, and such explanation

shall be afforded without delay. Should any list fail to be received in due course, the dispatching exchange office, on receiving information to that effect, shall transmit, without delay, a duplicate of the list duly certified as such.

ARTICLE 8.

Duplicate orders.

Duplicate orders shall only be issued by the Postal Administration of the country on which the original orders were drawn, and in conformity with the regulations established, or to be established, in that country.

ARTICLE 9.

Orders subject to regulations governing domestic orders.

1. The orders issued by each country on the other shall be subject, as regards payment, to the regulations which govern the payment of inland (domestic) orders of the country on which they were drawn.

2. The paid orders shall remain in the possession of the country of payment.

ARTICLE 10.

Repayment.

1. Repayment of orders to remitters shall not be made until an authorization for such repayment shall have been obtained by the country of issue from the country where such orders are payable, and the amounts of the repaid orders shall be duly credited to the former country in the quarterly account. (Article 12.)

2. It is the province of each postal administration to determine the manner in which repayment to the remitters is to be made.

ARTICLE 11.

Orders not paid within twelve months void, etc.

1. Orders which shall not have been paid within twelve calendar months from the month of issue shall become void, and the sums received shall accrue to, and be at the disposal of, the country of origin.

2. The Transvaal administration shall therefore enter to the credit of the United States, in the quarterly account, all Money Orders entered in the list received from the United States which remain unpaid at the end of the period specified. (Article 12.)

3. On the other hand, the Post Office Department of the United States shall, at the close of each month, transmit to the postal administration of the Transvaal for entry in the quarterly account, a detailed statement of all orders included in the lists dispatched from the latter office which under this article become void.

ARTICLE 12.

Quarterly accounts.

1. At the close of each quarter an account shall be prepared at the General Post Office, Johannesburg, showing in detail the totals of the lists containing the particulars of orders issued in either country during the quarter and the balance resulting from such transactions.

2. Two copies of this account shall be transmitted to the Post Office Department of the United States at Washington, and the balance after proper verification shall, if due by the Post Office Department of the Transvaal be paid to the General Post Office at London to the credit of the Post Office Department of the United States on account of the exchange of Money Orders between the United States and the United Kingdom of Great Britain and Ireland; and if due by the Post Office Department of the United States shall likewise be paid to the General Post Office at London to the credit of the Post Office Department of the Transvaal.

Remittance of balance.

3. If pending the settlement of an account one of the two postal administrations shall ascertain that it owes the other a balance exceed-

ing five hundred pounds (£500) sterling, the indebted administration shall promptly remit the approximate amount of such balance to the credit of the other. This account shall be in accordance with the forms 'D', 'E', 'F' and 'G', annexed to this Convention.

Post, pp. 2170, 2171.

ARTICLE 13.

Rate of conversion.

Until the two postal administrations shall consent to an alteration, it is agreed that in all matters of account relative to Money Orders which shall result from the execution of the present Convention, the pound sterling of Great Britain shall be considered as equivalent to four dollars and eighty-seven cents of the money of the United States.

ARTICLE 14.

Additional rules.

The postal administration in each country shall be authorized to adopt any additional rules (not repugnant to the foregoing) for the greater security against fraud, or for the better working of the system generally. All such additional rules, however, must be promptly communicated to the postal administration of the other country.

ARTICLE 15.

Duration of convention.

This present Convention shall take effect on the first day of July, 1903, and shall continue in force until twelve months after either of the contracting parties shall have notified to the other its intention to terminate it.

Treaty between the United States and Great Britain, acting in the name of the Sultan of Zanzibar, amending the treaty of amity and commerce concluded September 21, 1833, between the United States and and the Sultan of Muscat, so as to permit the imposition of light and harbor dues on vessels of the United States entering the ports of Zanzibar and Pemba. Signed at Washington, June 5, 1903; ratification advised by the Senate, November 25, 1903; ratified by the President, December 8, 1903; ratified by Great Britain, June 30, 1903; ratifications exchanged at Washington, December 24, 1903; proclaimed, December 24, 1903.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Preamble.

Whereas a Treaty between the United States of America, and Great Britain acting in the name of His Highness the Sultan of Zanzibar, providing for the imposition of light and harbor dues on vessels of the United States entering the ports of Zanzibar and Pemba, was concluded and signed by their respective Plenipotentiaries at Washington, on the fifth day of June, one thousand nine hundred and three, the original of which Treaty, being in the English language is word for word as follows:

Vol. 8, p. 458.

Whereas it is provided by Article III of the Treaty of Amity and Commerce concluded September 21st 1833, between the United States of America and His Highness the Sultan of Muscat, which treaty was accepted by His Highness the Sultan of Zanzibar after the separation of that state from the jurisdiction of Muscat, that vessels of the United States entering any ports of the Sultan's dominions shall pay no more than five per centum duties on the cargo landed; and this shall be in full consideration of all import and export duties, tonnage, license to trade, pilotage, anchorage, or any other charge whatever;

And whereas no provision is made in the above mentioned treaty nor in any subsequent agreement for the payment of light and harbor dues in the dominions of His Highness the Sultan;

Contracting parties.

And whereas the United States of America and His Majesty the King of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, Emperor of India, acting in the name of His Highness the Sultan of Zanzibar are desirous, in the interest of commerce, of so amending the said Article III of the said Treaty of Amity and Commerce of September 21st 1833, as to permit the imposition of light dues at the rate of one anna upon every registered ton, with an added harbor due of one anna upon every registered ton, on vessels of the United States entering the ports in the islands of Zanzibar and Pemba;

Now, therefore, the High Contracting Parties have to that end resolved to conclude a convention, and have for this purpose appointed their plenipotentiaries, to wit:

Plenipotentiaries.

The President of the United States of America, John Hay, Secretary of State of the United States; and

His Britannic Majesty, The Right Honorable Sir Michael H. Herbert, G.C.M.G., C.B., His Majesty's Ambassador Extraordinary and Plenipotentiary;

Who, having exhibited each to the other their respective full powers which were found to be in due and proper form, have agreed upon the following articles:

ARTICLE I.

Collection of light and habor dues by Zanzibar.
Vol. 8, p. 458.

It is understood and agreed between the High Contracting Parties that nothing contained in said Article III of the said Convention of September 21st 1833, shall be construed as preventing the imposition on and collection from vessels of the United States entering any port in the islands of Zanzibar and Pemba of a light due of one anna per registered ton and an added harbor due of one anna per registered ton, His Britannic Majesty, acting in the name of His Highness the Sultan of Zanzibar, engaging that the light and harbor dues so imposed and collected shall be applied to the construction and maintenance of lighthouses and buoys for the proper lighting of the coasts of the said islands.

ARTICLE II.

Conditions.

It is further understood and agreed between the High Contracting Parties that the consent of the United States to the imposition and collection of the light and harbor dues aforesaid is given on the conditions:—

Construction and maintenance of lighthouses, etc.

1. That really adequate lighthouses are provided and maintained; also that lights shall be placed upon the buoys when required by American vessels entering or leaving the harbor of Zanzibar at night.

Accounts.

2. That accounts of the receipts and expenditure of the dues are carefully kept and published.

Adjustment of dues.

3. That provision be made for the reduction of the dues if they should hereafter become disproportionate to the expenditure.

Consent of other Powers.

4. That the consent of all the other Powers having treaties with Zanzibar be given to the imposition of the said light and harbor dues on their vessels, and that vessels of the United States be subject to no differential treatment.

ARTICLE III.

Ratification.

The present convention shall be ratified by the President of the United States of America, by and with the advice and consent of the Senate thereof, and by his Britannic Majesty, and the ratifications shall be exchanged in the City of Washington as soon as practicable.

In witness whereof the respective plenipotentiaries have signed the same, and have affixed thereto their respective seals.

Now, therefore, be it known that I, Theodore Roosevelt, President of the United States of America, have caused the said Treaty to be made public, to the end that the same and every article and clause thereof, may be observed and fulfilled with good faith by the United States and the citizens thereof.

In testimony whereof, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

ARTICLE IV.

Transit dues to be abolished.

The Chinese Government, recognizing that the existing system of levying dues on goods in transit, and especially the system of taxation known as *likin*, impedes the free circulation of commodities to the general injury of trade, hereby undertakes to abandon the levy of *likin* and all other transit dues throughout the Empire and to abolish the offices, stations and barriers maintained for their collection and not to establish other offices for levying dues on goods in transit. It is clearly understood that, after the offices, stations and barriers for taxing goods in transit have been abolished, no attempt shall be made to re-establish them in any form or under any pretext whatsoever.

Surtax allowed.

The Government of the United States, in return, consents to allow a surtax, in excess of the tariff rates for the time being in force, to be imposed on foreign goods imported by citizens of the United States and on Chinese produce destined for export abroad or coastwise. It is clearly understood that in no case shall the surtax on foreign imports exceed one and one-half times the import duty leviable in terms of the final Protocol signed by China and the Powers on the seventh day of September, A. D. 1901; that the payment of the import duty and surtax shall secure for foreign imports, whether in the hands of Chinese or foreigners, in original packages or otherwise, complete immunity from all other taxation, examination or delay; that the total amount of taxation, inclusive of the tariff export duty, leviable on native produce for export abroad shall, under no circumstances, exceed seven and one-half per centum *ad valorem*.

Limitations.

Other taxes not prohibited.

Nothing in this article is intended to interfere with the inherent right of China to levy such other taxes as are not in conflict with its provisions.

Procedure.

Keeping these fundamental principles in view, the High Contracting Parties have agreed upon the following method of procedure.

All likin, etc., offices abolished.

The Chinese Government undertakes that all offices, stations and barriers of whatsoever kind for collecting *likin*, duties, or such like dues on goods in transit, shall be permanently abolished on all roads, railways and waterways in the nineteen Provinces of China and the three Eastern Provinces. This provision does not apply to the native Customs offices at present in existence on the seaboard, at open ports where there are offices of the Imperial Maritime Customs, and on the land frontiers of China embracing the nineteen Provinces and the three Eastern Provinces.

Exceptions.

Native customs offices.

Wherever there are offices of the Imperial Maritime Customs, or wherever such may be hereafter placed, native Customs offices may also be established, as well as at any point either on the seaboard or land frontiers.

Special surtax on foreign goods.

The Government of the United States agrees that foreign goods on importation, in addition to the effective five per centum import duty as provided for in the Protocol of 1901, shall pay a special surtax of one and one-half times the amount of the said duty to compensate for the abolition of *likin*, of other transit dues besides *likin*, and of all other taxation on foreign goods, and in consideration of the other reforms provided for in this article.

Specific duties.

The Chinese Government may recast the foreign export tariff with specific duties, as far as practicable, on a scale not exceeding five per

centum *ad valorem;* but existing export duties shall not be raised until at least six months' notice has been given. In cases where existing export duties are above five per centum, they shall be reduced to not more than that rate. An additional special surtax of one-half the export duty payable for the time being, in lieu of internal taxation of all kinds, may be levied at the place of original shipment or at the time of export on goods exported either to foreign countries or coastwise.

Surtax in lieu of internal tax.

Foreign goods which bear a similarity to native goods shall be furnished by the Customs officers, if required by the owner, with a protective certificate for each package, on the payment of import duty and surtax, to prevent the risk of any dispute in the interior.

Protective certificates for foreign goods.

Native goods brought by junks to open ports, if intended for local consumption, irrespective of the nationality of the owner of the goods, shall be reported at the native Customs offices only, to be dealt with according to the fiscal regulations of the Chinese Government.

Native goods for local consumption.

Machine-made cotton yarn and cloth manufactured in China, whether by foreigners at the open ports or by Chinese anywhere in China, shall as regards taxation be on a footing of perfect equality. Such goods upon payment of the taxes thereon shall be granted a rebate of the import duty and of two-thirds of the import surtax paid on the cotton used in their manufacture, if it has been imported from abroad, and of all duties paid thereon if it be Chinese grown cotton. They shall also be free of export duty, coast-trade duty and export surtax. The same principle and procedure shall be applied to all other products of foreign type turned out by machinery in China.

Machine products of foreign type.

A member or members of the Imperial Maritime Customs foreign staff shall be selected by the Governors-General and Governors of each of the various provinces of the Empire for their respective provinces, and appointed in consultation with the Inspector General of Imperial Maritime Customs, for duty in connection with native Customs affairs to have a general supervision of their working.

Appointment of customs officials.

Cases where illegal action is complained of by citizens of the United States shall be promptly investigated by an officer of the Chinese Government of sufficiently high rank, in conjunction with an officer of the United States Government, and an officer of the Imperial Maritime Customs, each of sufficient standing; and, in the event of it being found by the investigating officers that the complaint is well founded and loss has been incurred, due compensation shall be paid through the Imperial Maritime Customs. The high provincial officials shall be held responsible that the officer guilty of the illegal action shall be severely punished and removed from his post. If the complaint is shown to be frivolous or malicious, the complainant shall be held responsible for the expenses of the investigation.

Procedure on complaint of illegal action.

When the ratifications of this Treaty shall have been exchanged by the High Contracting Parties hereto, and the provisions of this Article shall have been accepted by the Powers having treaties with China, then a date shall be agreed upon when the provisions of this Article shall take effect and an Imperial Edict shall be published in due form on yellow paper and circulated throughout the Empire of China setting forth the abolition of all *likin* taxation, duties on goods in transit, offices, stations and barriers for collecting the same, and of all descriptions of internal taxation on foreign goods, and the imposition of the surtax on the import of foreign goods and on the export of native goods, and the other fiscal changes and reforms provided for in this Article, all of which shall take effect from the said date. The Edict shall state that the provincial high officials are responsible that any official disregarding the letter or the spirit of its injunction shall be severly punished and removed from his post.

Imperial edict.

ARTICLE V.

Discriminating duties prohibited.
Post, p. 131.
Ante, p. 124.

The tariff duties to be paid by citizens of the United States on goods imported into China shall be as set forth in the schedule annexed hereto and made part of this Treaty, subject only to such amendments and changes as are authorized by Article IV of the present convention or as may hereafter be agreed upon by the High Contracting Parties hereto. It is expressly agreed, however, that citizens of the United States shall at no time pay other or higher duties than those paid by the citizens or subjects of the most favored nation.

Conversely, Chinese subjects shall not pay higher duties on their imports into the United States than those paid by the citizens or subjects of the most favored nation.

ARTICLE VI.

Bonded warehouses.

The Government of China agrees to the establishment by citizens of the United States of warehouses approved by the proper Chinese authorities as bonded warehouses at the several open Ports of China, for storage, re-packing, or preparation for shipment of lawful goods, subject to such necessary regulations for the protection of the revenue of China, including a reasonable scale of fees according to commodities, distance from the custom house and hours of working, as shall be made from time to time by the proper officers of the Government of China.

ARTICLE VII.

Revision of mining regulations.

The Chinese Government, recognizing that it is advantageous for the country to develop its mineral resources, and that it is desirable to attract foreign as well as Chinese capital to embark in mining enterprises, agrees, within one year from the signing of this Treaty, to initiate and conclude the revision of the existing mining regulations. To this end China will, with all expedition and earnestness, go into the whole question of mining rules; and, selecting from the rules of the United States and other countries regulations which seem applicable to the condition of China, will recast its present mining rules in such a way as, while promoting the interests of Chinese subjects and not injuring in any way the sovereign rights of China, will offer no impediment to the attraction of foreign capital nor place foreign capitalists at a greater disadvantage than they would be under generally accepted foreign regulations; and will permit citizens of the United States to carry on in Chinese territory mining operations and other necessary business relating thereto provided they comply with the new regulations and conditions which will be imposed by China on its subjects and foreigners alike, relating to the opening of mines, the renting of mineral land, and the payment of royalty, and provided they apply for permits, the provisions of which in regard to necessary business relating to such operations shall be observed. The residence of citizens of the United States in connection with such mining operations shall be subject to such regulations as shall be agreed upon by and between the United States and China.

Any mining concession granted after the publication of such new rules shall be subject to their provisions.

ARTICLE VIII.

Drawback certificates.

Drawback certificates for the return of duties shall be issued by the Imperial Maritime Customs to citizens of the United States within three weeks of the presentation to the Customs of the papers entitling the applicant to receive such drawback certificates, and they shall be

receivable at their face value in payment of duties of all kinds (tonnage dues excepted) at the port of issue; or shall, in the case of drawbacks on foreign goods re-exported within three years from the date of importation, be redeemable by the Imperial Maritime Customs in full in ready money at the port of issue, at the option of the holders thereof. But if, in connection with any application for a drawback certificate, the Customs authorities discover an attempt to defraud the revenue, the applicant shall be dealt with and punished in accordance with the stipulations provided in the Treaty of Tientsin, Article XXI, in the case of detected frauds on the revenue. In case the goods have been removed from Chinese territory, then the consul shall inflict on the guilty party a suitable fine to be paid to the Chinese Government.

Vol. 12, p. 1028.

ARTICLE IX.

Trade-marks.

Whereas the United States undertakes to protect the citizens of any country in the exclusive use within the United States of any lawful trade-marks, provided that such country agrees by treaty or convention to give like protection to citizens of the United States:—

Therefore the Government of China, in order to secure such protection in the United States for its subjects, now agrees to fully protect any citizen, firm or corporation of the United States in the exclusive use in the Empire of China of any lawful trade-mark to the exclusive use of which in the United States they are entitled, or which they have adopted and used, or intend to adopt and use as soon as registered, for exclusive use within the Empire of China. To this end the Chinese Government agrees to issue by its proper authorities proclamations, having the force of law, forbidding all subjects of China from infringing on, imitating, colorably imitating, or knowingly passing off an imitation of trade-marks belonging to citizens of the United States, which shall have been registered by the proper authorities of the United States at such offices as the Chinese Government will establish for such purpose, on payment of a reasonable fee, after due investigation by the Chinese authorities, and in compliance with reasonable regulations.

ARTICLE X.

Patents.

The United States Government allows subjects of China to patent their inventions in the United States and protects them in the use and ownership of such patents. The Government of China now agrees that it will establish a Patent Office. After this office has been established and special laws with regard to inventions have been adopted it will thereupon, after the payment of the prescribed fees, issue certificates of protection, valid for a fixed term of years, to citizens of the United States on all their patents issued by the United States, in respect of articles the sale of which is lawful in China, which do not infringe on previous inventions of Chinese subjects, in the same manner as patents are to be issued to subjects of China.

ARTICLE XI.

Copyrights.

Whereas the Government of the United States undertakes to give the benefits of its copyright laws to the citizens of any foreign State which gives to the citizens of the United States the benefits of copyright on an equal basis with its own citizens:—

Therefore the Government of China, in order to secure such benefits in the United States for its subjects, now agrees to give full protection, in the same way and manner and subject to the same conditions upon which it agrees to protect trade-marks, to all citizens of the United States who are authors, designers or proprietors of any book, map,

print or engraving especially prepared for the use and education of the Chinese people, or translation into Chinese of any book, in the exclusive right to print and sell such book, map, print, engraving or translation in the Empire of China during ten years from the date of registration. With the exception of the books, maps, etc., specified above, which may not be reprinted in the same form, no work shall be entitled to copyright privileges under this article. It is understood that Chinese subjects shall be at liberty to make, print and sell original translations into Chinese of any works written or of maps compiled by a citizen of the United States. This article shall not be held to protect against due process of law any citizen of the United States or Chinese subject who may be author, proprietor or seller of any publication calculated to injure the well-being of China.

ARTICLE XII.

Commerce and trade of inland waters.

The Chinese Government having in 1898 opened the navigable inland waters of the Empire to commerce by all steam vessels, native or foreign, that may be specially registered for the purpose, for the conveyance of passengers and lawful merchandise,—citizens, firms and corporations of the United States may engage in such commerce on equal terms with those granted to subjects of any foreign power.

Modification of regulations.

In case either party hereto considers it advantageous at any time that the rules and regulations then in existence for such commerce be altered or amended, the Chinese Government agrees to consider amicably and to adopt such modifications thereof as are found necessary for trade and for the benefit of China.

Mukden and Antung opened to trade, etc.

The Chinese Government agrees that, upon the exchange of the ratifications of this Treaty, Mukden and Antung, both in the province of Sheng-king, will be opened by China itself as places of international residence and trade. The selection of suitable localities to be set apart for international use and occupation and the regulations for these places set apart for foreign residence and trade shall be agreed upon by the Governments of the United States and China after consultation together.

ARTICLE XIII.

Uniform national coinage.

China agrees to take the necessary steps to provide for a uniform national coinage which shall be legal tender in payment of all duties, taxes and other obligations throughout the Empire by the citizens of the United States as well as Chinese subjects. It is understood, however, that all Customs duties shall continue to be calculated and paid on the basis of the Haikuan Tael.

ARTICLE XIV.

Religious freedom.

The principles of the Christian religion, as professed by the Protestant and Roman Catholic Churches, are recognized as teaching men to do good and to do to others as they would have others do to them. Those who quietly profess and teach these doctrines shall not be harassed or persecuted on account of their faith. Any person, whether citizen of the United States or Chinese convert, who, according to these tenets, peaceably teaches and practices the principles of Christianity shall in no case be interfered with or molested therefor. No restrictions shall be placed on Chinese joining Christian churches. Converts and non-converts, being Chinese subjects, shall alike conform to the laws of China; and shall pay due respect to those in authority, living together in peace and amity; and the fact of being converts shall not protect them from the consequences of any offence they may have committed before or may commit after their admission into the church,

or exempt them from paying legal taxes levied on Chinese subjects generally, except taxes levied and contributions for the support of religious customs and practices contrary to their faith. Missionaries shall not interfere with the exercise by the native authorities of their jurisdiction over Chinese subjects; nor shall the native authorities make any distinction between converts and non-converts, but shall administer the laws without partiality so that both classes can live together in peace.

Missionary societies of the United States shall be permitted to rent and to lease in perpetuity, as the property of such societies, buildings or lands in all parts of the Empire for missionary purposes and, after the title deeds have been found in order and duly stamped by the local authorities, to erect such suitable buildings as may be required for carrying on their good work. Privileges granted missionary societies.

ARTICLE XV.

The Government of China having expressed a strong desire to reform its judicial system and to bring it into accord with that of Western nations, the United States agrees to give every assistance to such reform and will also be prepared to relinquish extra-territorial rights when satisfied that the state of the Chinese laws, the arrangements for their administration, and other considerations warrant it in so doing. Reform of Chinese judicial system.

ARTICLE XVI.

The Government of the United States consents to the prohibition by the Government of China of the importation into China of morphia and of instruments for its injection, excepting morphia and instruments for its injection imported for medical purposes, on payment of tariff duty, and under regulations to be framed by China which shall effectually restrict the use of such import to the said purposes. This prohibition shall be uniformly applied to such importation from all countries. The Chinese Government undertakes to adopt at once measures to prevent the manufacture in China of morphia and of instruments for its injection. Importation of morphia restricted. Manufacture of morphia.

ARTICLE XVII.

It is agreed between the High Contracting Parties hereto that all the provisions of the several treaties between the United States and China which were in force on the first day of January A. D. 1900, are continued in full force and effect except in so far as they are modified by the present Treaty or other treaties to which the United States is a party. Provisions of existing treaties continued.

The present Treaty shall remain in force for a period of ten years beginning with the date of the exchange of ratifications and until a revision is effected as hereinafter provided. Term of treaty.

It is further agreed that either of the High Contracting Parties may demand that the tariff and the articles of this convention be revised at the end of ten years from the date of the exchange of the ratifications thereof. If no revision is demanded before the end of the first term of ten years, then these articles in their present form shall remain in full force for a further term of ten years reckoned from the end of the first term, and so on for successive periods of ten years. Revision

The English and Chinese texts of the present Treaty and its three annexes have been carefully compared; but, in the event of there being any difference of meaning between them, the sense as expressed in the English text shall be held to be the correct one. Preference given English text.

Ratification.

This Treaty and its three annexes shall be ratified by the two High Contracting Parties in conformity with their respective constitutions, and the ratifications shall be exchanged in Washington not later than twelve months from the present date.

In testimony whereof, we, the undersigned, by virtue of our respective powers, have signed this Treaty in duplicate in the English and Chinese languages, and have affixed our respective seals.

Opium.

As citizens of the United States are already forbidden by treaty to deal in or handle opium, no mention has been made in this Treaty of opium taxation.

Salt.

As the trade in salt is a government monopoly in China, no mention has been made in this Treaty of salt taxation.

It is, however, understood, after full discussion and consideration, that the collection of inland dues on opium and salt and the means for the protection of the revenue therefrom and for preventing illicit traffic therein are left to be administered by the Chinese Government in such manner as shall in no wise interfere with the provisions of Article IV of this treaty regarding the unobstructed transit of other goods.

For the purpose of safeguarding the revenue of China at such places, it is understood that the Chinese Government shall be entitled to establish and maintain such branch native Customs offices at each open port, within a reasonable distance of the main native Customs offices at the port, as shall be deemed by the authorities of the Imperial Maritime Customs at that port necessary to collect the revenue from the trade into and out of such port. Such branches, as well as the main native Customs offices at each open port, shall be administered by the Imperial Maritime Customs as provided by the Proctocol of 1901.

Rules.

RULES.

Rule I.

Imports unenumerated in this Tariff will pay Duty at the rate of 5 per cent. ad valorem; and the value upon which Duty is to be calculated shall be the market value of the goods in local currency. This market value when converted into Haikwan Taels shall be considered to be 12 per cent. higher than the amount upon which Duty is to be calculated.

If the goods have been sold before presentation to the Customs of the Application to pay Duty, the gross amount of the bona fide contract will be accepted as evidence of the market value. Should the goods have been sold on c. f. and i. terms, that is to say, without inclusion in the price of Duty and other charges, such c. f. and i. price shall be taken as the value for Duty-paying purposes without the deduction mentioned in the preceding paragraph.

If the goods have not been sold before presentation to the Customs of the Application to pay Duty, and should a dispute arise between Customs and importer regarding the value or classification of goods, the case will be referred to a Board of Arbitration composed as follows:

An official of the Customs; a merchant selected by the Consul of the importer; and a Merchant differing in nationality from the importer, selected by the Senior Consul.

Questions regarding procedure, etc., which may arise during the sittings of the Board shall be decided by the majority. The final finding of the majority of the Board, which must be announced within fifteen days of the reference (not including holidays), will be binding upon both parties. Each of the two merchants on the Board will be entitled to a fee of Ten Haikwan Taels. Should the Board sustain the Customs valuation, or, in the event of not sustaining that valuation, should it decide that the goods have been undervalued by the importer to the extent of not less than 7½ per cent., the importer will pay the fees; if otherwise, the fees will be paid by the Customs. Should the Board decide that the correct value of the goods is 20 per cent. (or more) higher than that upon which the importer originally claimed to pay Duty, the Customs authorities may retain possession of the goods until full Duty has been paid and may levy an additional Duty equal to four times the Duty sought to be evaded.

In all cases invoices, when available, must be produced if required by the Customs.

Rule II.

The following will not be liable to Import Duty: Foreign Rice, Cereals, and Flour; Gold and Silver, both Bullion and Coin; Printed Books, Charts, Maps, Periodicals, and Newspapers.

A freight or part freight of Duty-free commodities (Gold and Silver Bullion and Foreign Coins excepted) will render the vessel carrying them, though no other cargo be on board, liable to Tonnage Dues.

Drawbacks will be issued for Ships Stores and Bunker Coal when taken on board.

Rule III.

Except at the requisition of the Chinese Government, or for sale to Chinese duly authorized to purchase them, Import trade is prohibited in all Arms, Ammunition, and Munitions of War of every description. No Permit to land them will be issued until the Customs have proof that the necessary authority has been given to the importer. Infraction of this rule will be punishable by confiscation of all the goods concerned. The import of Salt is absolutely prohibited.

ARTICLE XIX.

Free use by Panama of canal, etc.

The Government of the Republic of Panama shall have the right to transport over the Canal its vessels and its troops and munitions of war in such vessels at all times without paying charges of any kind. ARTICLE XX.

Modification, etc., of prior treaties.

If by virtue of any existing treaty in relation to the territory of the Isthmus of Panama, whereof the obligations shall descend or be assumed by the Republic of Panama, there may be any privilege or concession in favor of the Government or the citizens and subjects of a third power relative to an interoceanic means of communication which in any of its terms may be incompatible with the terms of the present convention, the Republic of Panama agrees to cancel or modify such treaty in due form, for which purpose it shall give to the said third power the requisite notification within the term of four months from the date of the present convention, and in case the existing treaty contains no clause permitting its modifications or annulment, the Republic of Panama agrees to procure its modification or annulment in such form that there shall not exist any conflict with the stipulations of the present convention.

ARTICLE XXI.

Grant to the United States free from all prior claims.

The rights and privileges granted by the Republic of Panama to the United States in the preceding Articles are understood to be free of all anterior debts, liens, trusts, or liabilities, or concessions or privileges to other Governments, corporations, syndicates or individuals, and consequently, if there should arise any claims on account of the present concessions and privileges or otherwise, the claimants shall resort to the Government of the Republic of Panama and not to the United States for any indemnity or compromise which may be required.

ARTICLE XXII.

Rights in prior concessions tranferred to United States.

The Republic of Panama renounces and grants to the United States the participation to which it might be entitled in the future earnings of the Canal under Article XV of the concessionary contract with Lucien N. B. Wyse now owned by the New Panama Canal Company and any and all other rights or claims of a pecuniary nature arising under or relating to said concession, or arising under or relating to the concessions to the Panama Railroad Company or any extension or modification thereof; and it likewise renounces, confirms and grants to the United States, now and hereafter, all the rights and property reserved in the said concessions which otherwise would belong to Panama at or before the expiration of the terms of ninety-nine years of the concessions granted to or held by the above mentioned party and companies, and all right, title and interest which it now has or may hereafter have, in and to the lands, canal, works, property and rights held by the said companies under said concessions or otherwise, and acquired or to be acquired by the United States from or through the New Panama Canal Company, including any property and rights which might or may in the future either by lapse of time, forfeiture or otherwise, revert to the Republic of Panama under any contracts or concessions, with said Wyse, the Universal Panama Canal Company, the Panama Railroad Company and the New Panama Canal Company.

Absolute title granted.

The aforesaid rights and property shall be and are free and released from any present or reversionary interest in or claims of Panama and the title of the United States thereto upon consummation of the contemplated purchase by the United States from the New Panama Canal Company, shall be absolute, so far as concerns the Republic of Panama, excepting always the rights of the Republic specifically secured under this treaty.

ARTICLE XXIII.

Armed protection of canal.

If it should become necessary at any time to employ armed forces for the safety or protection of the Canal, or of the ships that make use of the same, or the railways and auxiliary works, the United States shall have the right, at all times and in its discretion, to use its police and its land and naval forces or to establish fortifications for these purposes.

ARTICLE XXIV.

Rights of United States declared.

No change either in the Government or in the laws and treaties of the Republic of Panama shall, without the consent of the United States, affect any right of the United States under the present convention, or under any treaty stipulation between the two countries that now exists or may hereafter exist touching the subject matter of this convention.

If the Republic of Panama shall hereafter enter as a constituent into any other Government or into any union or confederation of states, so as to merge her sovereignty or independence in such Government, union or confederation, the rights of the United States under this convention shall not be in any respect lessened or impaired.

ARTICLE XXV.

Naval and coaling stations.

For the better performance of the engagements of this convention and to the end of the efficient protection of the Canal and the preservation of its neutrality, the Government of the Republic of Panama will sell or lease to the United States lands adequate and necessary for naval or coaling stations on the Pacific coast and on the western Caribbean coast of the Republic at certain points to be agreed upon with the President of the United States.

ARTICLE XXVI.

This convention when signed by the Plenipotentiaries of the Contracting Parties shall be ratified by the respective Governments and the ratifications shall be exchanged at Washington at the earliest date possible. Exchange of ratifications.

In faith whereof the respective Plenipotentiaries have signed the present convention in duplicate and have hereunto affixed their respective seals.

Parcels-Post Convention between the United States of America and the colony of Hong Kong.

Preamble.

For the purpose of making better postal arrangements between the United States of America and Hong Kong, the undersigned, Henry C. Payne, Postmaster-General of the United States of America, and Arthur Stewart Raikes, His Britannic Majesty's Chargé d'Affaires, by virtue of authority vested in them, have agreed upon the following articles for the establishment of a Parcels-Post system of exchanges between the United States and Hong Kong.

ARTICLE I.

Extent of Convention.

The provisions of this Convention relate only to parcels of mail matter to be exchanged by the system herein provided for, and do not affect the arrangements now existing under the Universal Postal Union Convention, which will continue as heretofore; and all the agreements hereinafter contained apply exclusively to mails exchanged under these Articles.

ARTICLE II.

Articles admitted to mails.

1. There shall be admitted to the mails exchanged under this Convention, articles of merchandise and mail matter—except letters, post cards, and written matter—of all kinds, that are admitted under any conditions to the domestic mails of the country of origin, except that no packet may exceed four pounds six ounces (or two kilograms) in weight, nor the following dimensions: Greatest length in any direction three feet six inches; greatest length and girth combined, six feet; and must be so wrapped or enclosed as to permit their contents to be easily examined by postmasters and customs officers; and except that the following articles are prohibited admission to the mails exchanged under this Convention:

Articles prohibited.

Publications which violate the copyright laws of the country of destination; poisons, and explosive or inflammable substances; fatty substances, liquids, and those which easily liquefy; confections and pastes; live or dead animals, except dead insects and reptiles when thoroughly dried; fruits and vegetables which easily decompose, and substances which exhale a bad odor; lottery tickets, lottery advertisements, or lottery circulars; all obscene or immoral articles; articles which may in any way damage or destroy the mails, or injure the persons handling them.

Freedom from inspection.

2. All admissible articles of merchandise mailed in one country for the other, or received in one country from the other, shall be free from any detention or inspection whatever, except such as is required for collection of customs duties; and shall be forwarded by the most speedy means to their destination, being subject in their transmission to the laws and regulations of each country, respectively.

ARTICLE III.

Letters must not accompany parcels.

1. A letter or communication of the nature of personal correspondence must not accompany, be written on, or enclosed with any parcel.

2. If such be found, the letter will be placed in the mails if separable, and if the communication be inseparably attached, the whole package will be rejected. If, however, any such should inadvertently be forwarded, the country of destination will collect on the letter or letters double rates of postage according to the Universal Postal Union Convention. Rejection.

3. No parcel may contain packages intended for delivery at an address other than that borne by the parcel itself. If such enclosed packages be detected they must be sent forward singly charged with new and distinct Parcels-Post rates. Address.

ARTICLE IV.

1. The following rates of postage shall in all cases be required to be *fully prepaid* with postage stamps of the country of origin, viz: Rates of postage.

2. In the United States, for a parcel not exceeding one pound in weight, twelve cents; and for each additional pound, or fraction of a pound, twelve cents.

3. In Hong Kong, for a parcel not exceeding one pound in weight, thirty-five cents; and for each additional pound, or fraction of a pound, thirty-five cents.

4. The parcels shall be promptly delivered to addressees at the Post Offices of address in the country of destination, free of charge for postage; but the country of destination may, at its option, levy and collect from the addressee for interior service and delivery a charge the amount of which is to be fixed according to its own regulations, but which shall in no case exceed five cents in the United States or fifteen cents in Hong Kong for each parcel, whatever its weight. Delivery.

ARTICLE V.

1. The sender will, at the time of mailing the package, receive a Certificate of Mailing from the Post-Office where the package is mailed on a Form like Form 1 annexed hereto. Receipt. *Post*, p. 2246.

2. The sender of a package may have the same registered in accordance with the regulations of the country of origin. Registry.

3. An acknowledgment of the delivery of a registered article shall be returned to the sender when requested; but either country may require of the sender prepayment of a fee therefor not exceeding five cents in the United States or fifteen cents in Hong Kong. Return receipt.

4. The addressees of registered articles shall be advised of the arrival of a package addressed to them, by a notice from the Post-Office at destination. Notice to addressees.

ARTICLE VI.

1. The sender of each parcel shall make a Customs Declaration, pasted upon or attached to the package, upon a special Form provided for the purpose (see Form 2 annexed hereto) giving a general description of the parcel, an accurate statement of its contents and value, date of mailing and the sender's signature and place of residence, and place of address. Customs declaration. *Post*, p. 2246.

2. The parcels in question shall be subject in the country of destination to all customs duties and all customs regulations in force in that country for the protection of its customs revenues; and the customs duties properly chargeable thereon shall be collected on delivery, in accordance with the customs regulations of the country of destination; but neither sender nor addressee shall be subject to the payment of any charge for fines or penalties on account of failure to comply with any customs regulation. Collection of duties.

Article VII.

Fees to be retained.

Each country shall retain to its own use the whole of the postages, registration and delivery fees it collects on said parcels; consequently, this Convention will give rise to no separate accounts between the two countries.

Article VIII.

Transportation.

1. The parcels shall be considered as a component part of the mails exchanged *direct* between the United States and Hong Kong, to be despatched to destination by the country of origin at its cost and by such means as it provides; but must be forwarded, at the option of the despatching office, either in boxes prepared expressly for the purpose or in ordinary mail sacks, marked "Parcels-Post", and securely sealed with wax, or otherwise, as may be mutually provided by regulations hereunder.

Return of bags, etc.

2. Each country shall promptly return *empty* to the despatching office by next mail, all such bags and boxes.

Packing.

3. Although articles admitted under this Convention will be transmitted as aforesaid between the exchange offices, they should be so carefully packed as to be safely transmitted in the open mails of either country, both in going to the exchange office in the country of origin and to the office of address in the country of destination.

Descriptive list.

4. Each despatch of a Parcels-Post mail must be accompanied by a descriptive list, in duplicate, of all the parcels sent, showing distinctly the list number of each parcel, the name of the sender, the name of the addressee with address of destination, and the declared contents and value; and must be enclosed in one of the boxes or sacks of such despatch (see Form 3 annexed hereto).

Post, p. 2247.

Article IX.

Exchange offices.

Exchanges of mails under this Convention from any place in either country to any place in the other, shall be effected through the post office of both countries already designated as exchange post offices, or through such others as may be hereafter agreed upon, under such regulations relative to the details of the exchange as may be mutually determined to be essential to the security and expedition of the mails and the protection of the customs revenues.

Article X.

Receipt of mail.

1. As soon as the mail shall have reached the office of destination, that office shall check the contents of the mail.

Parcel bill.

2. In the event of the parcel bill not having been received, a substitute should be at once prepared.

Errors.

3. Any errors in the entries on the parcel bill which may be discovered, should, after verification by a second officer, be corrected and noted for report to the despatching office on a form "Verification Certificate," which should be sent in a special envelope.

Nonreceipt of parcels.

4. If a parcel advised on the bill be not received, after the nonreceipt has been verified by a second officer, the entry on the bill should be canceled and the fact reported at once.

Insufficient postage.

5. If a parcel be observed to be insufficiently prepaid, it must not be taxed with deficient postage, but the circumstance must be reported on the verification certificate form.

Damaged parcels.

6. Should a parcel be received in a damaged or imperfect condition, full particulars should be reported on the same form.

Correct mails.

7. If no verification certificate or note of error be received, a parcel mail shall be considered as duly delivered, having been found on examination correct in all respects.

ARTICLE XI.

1. If a parcel cannot be delivered as addressed, or is refused, it must be returned without charge, directly to the despatching office of exchange, at the expiration of thirty days from its receipt at the office of destination; and the country of origin may collect from the sender for the return of the parcel, a sum equal to the postage when first mailed. Failure to deliver.

2. When the contents of a parcel which cannot be delivered are liable to deterioration or corruption, they may be destroyed at once, if necessary, or if expedient, sold, without previous notice or judicial formality, for the benefit of the right person; the particulars of each sale being noticed by one post office to the other. Disposal of perishable articles.

3. An order for redirection or reforwarding must be accompanied by the amount due for postage necessary for the return of the article to the office of origin, at the ordinary parcel rates. Reforwarding.

ARTICLE XII.

The Post-Office Department of either of the contracting countries will not be responsible for the loss or damage of any parcel, and no indemnity can consequently be claimed by the sender or addressee in either country. No responsibility for loss, etc.

ARTICLE XIII.

The Postmaster-General of the United States of America, and the Postmaster-General of Hong Kong, shall have authority to jointly make such further regulations of order and detail as may be found necessary to carry out the present Convention from time to time; and may, by agreement, prescribe conditions for the admission to the mails of any of the articles prohibited by Article II of this Convention. Further regulations.

Ante, p. 2242.

ARTICLE XIV.

This Convention shall take effect and operations thereunder shall begin on the first day of January, 1904, and shall continue in force until terminated by mutual agreement; but may be annulled at the desire of either Department upon six months' previous notice given to the other. Duration, etc.

By the President of the United States of America.

A PROCLAMATION.

Preamble.

Whereas a Treaty between the United States of America and the Republic of Cuba embodying the provisions defining the future relations of the United States with Cuba contained in the Act of Congress approved March 2, 1901, was concluded and signed by their respective Plenipotentiaries at Habana on the twenty-second day of May, one thousand nine hundred and four, the original of which Treaty, being in the English and Spanish languages is word for word as follows:

Vol. 31, p. 897.

Vol. 31, p. 897.

Whereas the Congress of the United States of America, by an Act approved March 2, 1901, provided as follows:

Provided further, That in fulfillment of the declaration contained in the joint resolution approved April twentieth, eighteen hundred and ninety-eight, entitled, "For the recognition of the independence of the people of Cuba, demanding that the Government of Spain relinquish its authority and government in the island of Cuba, and to withdraw its land and naval forces from Cuba and Cuban waters, and directing the President of the United States to use the land and naval forces of the United States to carry these resolutions into effect," the President is hereby authorized to "leave the government and control of the island of Cuba to its people" so soon as a government shall have been established in said island under a constitution which, either as a part

Vol. 30, p. 738

Por cuanto el Congreso de los Estados Unidos de América dispuso, en virtud de una Ley aprobada en Marzo 2 de 1901, lo siguiente:

Se dispone además, Que en cumplimiento de la declaración contenida en la resolución conjunta aprobada en 20 de Abril de 1898 bajo el epígrafe "Para reconocer la independencia del pueblo de Cuba exigiendo que el Gobierno de España renuncie á su autoridad y gobierno en la Ysla de Cuba y que retire de Cuba y de las aguas Cubanas sus fuerzas de mar y tierra, y ordenando al Presidente de los Estados Unidos que—para llevar á efecto estas resoluciones, haga uso de las fuerzas de mar y tierra de los Estados Unidos", queda por esta autorizado el Presidente para "dejar el gobierno y mando de la Ysla de Cuba á su pueblo" tan pronto como en dicha Ysla se establezca un gobierno bajo una constitución en la que, bien como parte de la misma ó en

thereof or in an ordinance appended thereto, shall define the future relations of the United States with Cuba, substantially as follows:

"I. That the government of "Cuba shall never enter into any "treaty or other compact with any "foreign power or powers which "will impair or tend to impair the "independence of Cuba, nor in any "manner authorize or permit any "foreign power or powers to obtain by colonization or for military or naval purposes or otherwise, lodgement in or control "over any portion of said island.',

"II. That said government shall "not assume or contract any public debt, to pay the interest upon "which, and to make reasonable "sinking fund provision for the "ultimate discharge of which, the "ordinary revenues of the island, "after defraying the current expenses of government shall be "inadequate."

"III. That the government of "Cuba consents that the United "States may exercise the right to "intervene for the preservation of "Cuban independence, the maintenance of a government adequate "for the protection of life, property, and individual liberty, and "for discharging the obligations "with respect to Cuba imposed by "the treaty of Paris on the United "States, now to be assumed and "undertaken by the government "of Cuba."

"IV. That all Acts of the United "States in Cuba during its military occupancy thereof are ratified and validated, and all lawful "rights acquired thereunder shall "be maintained and protected."

"V. That the government of "Cuba will execute, and as far as "necessary extend, the plans already devised or other plans to "be mutually agreed upon, for the "sanitation of the cities of the island, to the end that a recurrence "of epidemic and infectious diseases may be prevented thereby "assuring protection to the people

una disposición que á ella se agregue, se precisen las relaciones futuras de los Estados Unidos con Cuba esencialmente como sigue:

"I. El Gobierno de Cuba nunca "celebrará con ningún Poder ó "Poderes extranjeros ningún Tratado ú otro pacto que menoscabe "ó tienda á menoscabar la independencia de Cuba, ni en manera alguna autorice ó permita á ningun "poder ó Poderes extranjeros obtener por colonización ó para "propósitos navales ó militares ó "de otra manera asiento en ó jurisdicción sobre ninguna porción "de dicha Ysla.

"II. Dicho Gobierno no asumirá ó contraerá ninguna deuda "pública para el pago de cuyos intereses y amortización definitiva, "después de cubiertos los gastos "corrientes del Gobierno, resulten "inadecuados los ingresos ordinarios."

"III. El Gobierno de Cuba consiente que los Estados Unidos "puedan ejercer el derecho de intervenir para la preservación de "la independencia de Cuba, y el "sostenimiento de un Gobierno "adecuado á la proteccion de la "vida, la propiedad y la libertad "individual, y al cumplimiento de "las obligaciones, con respecto á "Cuba, impuestas á los Estados "Unidos por el Tratado de París y "que deben ahora ser asumidas y "cumplidas por el Gobierno de "Cuba."

"IV. Todos los actos realizados "por los Estados Unidos en Cuba "durante su ocupación militar, "serán ratificados y tenidos por "válidos, y todos los derechos legalmente adquiridos á virtud de "aquellos, serán mantenidos y "protegidos."

"V. El Gobierno de Cuba ejecutará y hasta donde fuere necesario ampliará los planes yá proyectados ú otros que mutuamente "se convengan, para el saneamiento de las poblaciones de la Ysla, "con el fin de evitar la recurrencia "de enfermedades epidémicas é "infecciosas, protegiendo así al "pueblo y al comercio de Cuba, lo

"and commerce of Cuba, as well as "to the commerce of the southern "ports of the United States and "the people residing therein."

"VI. That the Isle of Pines "shall be omitted from the pro-"posed constitutional boundaries "of Cuba, the title thereto being "left to future adjustment by "treaty."

"VII. That to enable the United "States to maintain the independ-"ence of Cuba, and to protect the "people thereof, as well as for its "own defense, the government of "Cuba will sell or lease to the "United States lands necessary "for coaling or naval stations at "certain specified points to be "agreed upon with the President "of the United States

"VIII. That by way of further "assurance the government of "Cuba will embody the foregoing "provisions in a permanent treaty "with the United States."

Whereas the Constitutional Convention of Cuba, on June twelfth, 1901, adopted a Resolution adding to the Constitution of the Republic of Cuba which was adopted on the twenty-first of February 1901, an appendix in the words and letters of the eight enumerated articles of the above cited act of the Congress of the United States;

And whereas, by the establishment of the independent and sovereign government of the Republic of Cuba, under the constitution promulgated on the 20th of May, 1902, which embraced the foregoing conditions, and by the withdrawal of the Government of the United States as an intervening power, on the same date, it becomes necessary to embody the above cited provisions in a permanent treaty between the United States of America and the Republic of Cuba;

Contracting parties.

The United States of America and the Republie of Cuba, being desirous to carry out the foregoing conditions, have for that purpose appointed as their plenipotentiaries to conclude a treaty to that end,

Plenipotentiaries.

The President of the United

"mismo que al comercio y al "pueblo de los puertos del Sur de "los Estados Unidos."

"VI. La Ysla de Pinos queda "omitida de los limites de Cuba "propuestos por la Constitución, "dejándose para un futuro Tratado "la fijacion de su pertenencia."

"VII. Para poner en condicio-"nes á los Estados Unidos de man-"tener la independencia de Cuba y "protejer al pueblo de la misma, "así como para su propia defensa, "el Gobierno de Cuba venderá ó "arrendará á los Estados Unidos "las tierras necesarias para carbo-"neras ó estaciones navales en "ciertos puntos determinados que "se convendrán con el Presidente "de los Estados Unidos.

"VIII. El Gobierno de Cuba "insertará las anteriores disposi-"ciones en un Tratado permanente "con los Estados Unidos."

Por cuanto la Convención Constituyente de Cuba adoptó en Junío 12 de 1901 una resolucion agregando á la Constitución de la República de Cuba que fué adoptada el 21 de Febrero de 1901 un Apéndice que contiene palabra por palabra y letra por letra los ocho Artículos enumerados de la Ley del Congreso de los Estados Unidos arriba mencionada;

Y por cuanto, en virtud de haberse establecido el gobierno independiente y soberano de la República de Cuba bajo la Constitución promulgada en Mayo 20 de 1902 en la que se incluyeron las precedentes condiciones y de haberse retirado en esa misma fecha, el Gobierno de los Estados Unidos como poder interventor, se hace necesario incorporar las estipulaciones arriba indicadas en un tratado permanente entre los Estados Unidos de América y la República de Cuba;

Deseando los Estados Unidos de América y la República de Cuba dar cumplimiento á las condiciones antedichas, han nombrado al objeto como plenipotenciarios para llevar á cabo un tratado con ese fin,

El Presidente de los Estados

If no verification certificate or note of error be received, a parcels-mail shall be considered as duly delivered, having been found on examination correct in all respects.

ARTICLE IX.

Failure to deliver.

If the parcels can not be delivered as addressed, or if they are refused, they should be reciprocally returned without charge, directly to the dispatching office of exchange, at the expiration of thirty days from their receipt at the office of destination, and the country of origin may collect from the sender for the return of the parcel a sum equal to the postage when first mailed.

Disposal of prohibited parcels.

Provided, however, that parcels prohibited by Article II and those which do not conform to the conditions as to size, weight and value prescribed by said article, shall not necessarily be returned to the country of origin, but may be disposed of, without recourse, in accordance with the customs laws and regulations of the country of destination.

Perishable articles.

When the contents of a parcel which can not be delivered are liable to deterioration or corruption, they may be destroyed at once, if necessary, or if expedient, sold, without previous notice or judicial formality, for the benefit of the right person, the particulars of each sale being noticed by one post-office to the other.

ARTICLE X.

The Post-Office Department of either of the contracting countries will not be responsible for the loss or damage of any parcel; but either country is at liberty to indemnify the sender of any parcel which may be lost or destroyed in its territory. Nonresponsibility for loss, etc.

ARTICLE XI.

Each country shall retain to its own use the whole of the postages, registration and delivery fees, it collects on said parcels; consequently, this Convention will give rise to no separate accounts between the two countries. Fees to be retained.

ARTICLE XII.

The Postmaster-General of the United States of America, and His Imperial Majesty's Minister of State for Communications, shall have authority to jointly make such further regulations of order and detail as may be found necessary to carry out the present Convention from time to time; and may, by agreement, prescribe conditions for the admission in parcels exchanged under this Convention of any of the articles prohibited by Article II. For the purpose of making better postal arrangements between the United States of America and Belgium, the undersigned, Robert J. Wynne, Postmaster-General of the United States of America, and Baron Moncheur, Belgian Minister at Washington, by virtue of authority vested in them have agreed upon the following Articles for the establishment of a Parcels-Post system of exchanges between the United States and Belgium.

Animés du désir d'améliorer les relations entre la Belgique et les Etats-Unis d'Amérique, les soussignés, Monsieur le Baron Moncheur Ministre de Belgique, à Washington, et Robert J. Wynne, Directeur Général des postes des Etats-Unis d'Amérique, ont, en vertu des pouvoirs qui leur sont conférés, arrêté les dispositions ci-après.

ARTICLE 1er.

Les dispositions de la présente convention s'appliquent exclusivement à l'échange des colis postaux suivant les règles qu'elle établit. Elles ne modifient rien aux arrangements de la convention postale universelle, lesquels restent en vigueur comme par le passé. Toutes les dispositions qui suivent visent uniquement les dépêches échangées en exécution des articles de la présente convention.

Scope of convention.

ARTICLE II.

1. There shall be admitted to the mails exchanged under this Convention, articles of merchandise and mail matter—except letters, post-cards, and written matter of all kinds that are admitted under any conditions to the domestic mails of the country of origin, except that no packet may exceed in value $50 or the equivalent of that sum, four pounds six ounces, (or two kilograms) in weight, nor the following dimensions: Greatest length in any direction, three feet six inches; greatest length and girth combined, six feet; and must be so wrapped or inclosed as to

The provisions of this Agreement relate only to parcels to be exchanged by the system herein provided for, and do not affect the arrangements now existing under the Universal Postal Union Convention, which will continue as heretofore; and all the conditions hereinafter specified apply exclusively to mails exchanged under the present Agreement directly between such offices in the United States and the United Kingdom as may from time to time be designated offices of exchange by mutual consent.

ARTICLE II.

Articles admitted to the mails.

1. With the exception of the articles specifically prohibited by Article III, there shall be admitted to the parcel mails all articles which are admitted to the mails under any conditions in the internal service of the country of origin and the country of destination. Address, etc.

2. Every parcel must bear the exact address of the addressee and must be packed in a manner adequate for the length of the journey and the protection of its contents. The packing must be of such a nature as to permit the contents to be easily examined by officers of the Post Office or of the Customs.

ARTICLE III.

1. It is forbidden to send by post:—

Articles prohibited.

(*a*) Parcels containing letters, or communications of the nature of a letter; live animals, except bees in properly constructed boxes; dead animals, except insects and reptiles when thoroughly dried; fruits and vegetables which easily decompose; publications which violate the copyright laws of the country of destination; poisons and explosive or inflammable substances; liquids and substances which easily liquefy;

Exceptions.

A parcel may, however, contain an open invoice in its simplest form.

2. No parcel may contain an enclosure which bears an address other than that borne by the parcel itself.

Violation.

3. if a parcel contravening any of these prohibitions or not conforming to the stipulations of Article II. be handed over by one Administration to the other, the latter shall proceed in the manner and with the formalities prescribed by its law or inland regulations.

List.

4. The two Administrations shall furnish each other (from time to time) with a list of prohibited articles; but they will not thereby undertake any responsibility whatever towards the police, the Customs authorities, or the senders of parcels.

ARTICLE IV.

Rates of postage.

1. The following rates of postage shall in all cases be FULLY PREPAID by means of postage stamps of the country of origin, viz.:—

2. In the United States for a parcel not exceeding one pound in weight, 12 cents; and for each additional pound or fraction of a pound, 12 cents.

3. In Great Britain for every parcel of four pounds six ounces or less in weight, two shillings.

Delivery.

4. The parcel shall be promptly delivered to addressees in accordance with the inland regulations of the country of destination, free of charge for postage; but the country of destination may, at its option, levy and collect from the addressee for interior service and delivery a charge, the amount of which is to be fixed according to its own regulations, but which shall in no case exceed in the United States five cents, and in the United Kingdom 2½d., for each parcel whatever its weight.

ARTICLE V.

Receipts.

The sender may at the time of posting obtain a certificate of posting on the form provided for the purpose.

ARTICLE VI.

Charges.

The parcels to which the present Agreement applies cannot be subjected to any postal charge other than those contemplated by the different Articles of this Agreement.

ARTICLE VII.

Customs declarations.

1. The sender of each parcel shall make a Customs declaration upon a special form provided for the purpose, giving a general description of the parcel, an accurate statement of its contents and value, the date of posting, and the sender's signature and place of address. This declaration shall be pasted upon or attached to the parcel.

Collection of duties.

2. The parcels in question shall be subject in the country of destination to all Customs duties and all Customs regulations in force in that country for the protection of its Customs revenues; and the Customs duties properly chargeable thereon shall be collected on delivery, in accordance with the Customs regulations of the country of destination.

Nonresponsibility for correctness of declarations.

3. The Administrations decline all responsibility for the correctness of the Customs declarations.

ARTICLE VIII.

Fees to be retained.

1. Each country shall retain to its own use the whole of the postages and delivery fees it collects on the said parcels; consequently this Agreement will give rise to no postage accounts between the two countries.

Future modifications.

2. The foregoing clause, however, shall not preclude either office from proposing a system of accounts, or of insurance or registration of parcels, after some experience has been gained of the working of the post, and if such arrangement be made the necessary modifications in the provisions of the present Agreement shall be carried out by mutual consent.

ARTICLE IX.

Transportation.

The parcels shall be considered as a component part of the mails exchanged DIRECT between the United States and the United Kingdom, to be despatched to destination by the country of origin at its cost, and by such means as it provides; but they must be forwarded, at the option of the despatching office, either in boxes or baskets prepared expressly for the purpose, or in ordinary mail sacks, marked "Parcel Post," and securely sealed with wax, or otherwise, as may be mutually agreed upon.

Return of sacks, etc.

2. Each country shall promptly return EMPTY to the despatching office by next mail all such receptacles.

ARTICLE X.

Descriptive list.

Each despatch of a Parcel-Post mail must be accompanied by a descriptive list, in duplicate, of all the parcels sent, showing distinctly the list number of each parcel, the office of origin, the name of the addressee with address of destination, and the declared contents and value. This list must be enclosed in one of the receptacles composing the mail.

ARTICLE XI.

Receipt of mail.

1. As soon as a parcel mail shall have reached the office of destination, that office shall check the contents of the mail.

Parcel bill.

2. In the event of the parcel bill not having been received, a substitute shall at once be prepared.

Errors.

3. Any errors in the entries on the parcel bill which may be discovered shall, after verification by a second officer, be corrected and reported to the despatching office by means of a verification note, which should be sent in a special envelope.

Nonreceipt of parcels.

4. If a parcel advised on the bill be not received, the entry on the bill shall be cancelled after the nonreceipt has been verified by a second officer, and the circumstance reported at once.

Damaged parcels.

5. Should a parcel be received in a damaged or imperfect condition, full particulars shall be reported by means of a verification note.

Correct mails.

6. If no verification note or note of error be received, a parcel mail shall be considered as duly delivered, and as having been found on examination correct in all respects.

ARTICLE XII.

Missent parcels.

1. Missent parcels shall be immediately returned to the despatching office of exchange. Attention shall be called to the error by means of a verification note.

Failure to deliver.

2. If a parcel cannot be delivered as addressed or is refused by the addressee, the sender shall be consulted (through the Administration of the country of origin) as to its disposal. If within two months of the despatch of the notice of non-delivery the office of destination

shall not have received instructions from the sender the parcel shall be treated as abandoned.

Redirected parcels, etc.
Ante, p. 216.

3. Parcels redirected from one country to the other, or parcels returned at the sender's request, incur a supplementary charge on the basis of the rates fixed by Article IV., which may be collected either in advance or on delivery, as may be convenient. Parcels redirected from one address to another in the country of destination are subject to such additional charge as the domestic regulations of that country prescribe.

Disposal of perishable articles.

4. Articles liable to deterioration or corruption may, however, be sold immediately, without previous notice or legal formality, for the benefit of the right party. An account of the sale shall be drawn up.

Use of proceeds, etc.

The sum realized by the sale shall be used in the first place to defray the charges upon the parcel. Any balance which there may be shall be remitted to the office of origin to be paid to the sender. If for any reason a sale is impossible the spoilt or worthless articles are destroyed or taken possession of by the Customs.

Cancellation of duties.

5. The Customs duties on parcels which have to be sent back to the country of origin or redirected to a third country shall be cancelled both in the United States and in the United Kingdom.

ARTICLE XIII.

Nonresponsibility for loss, etc.

Neither of the contracting Administrations will be responsible for the loss or damage of any parcel, consequently no indemnity can be claimed by the sender or addressee in either country.

ARTICLE XIV.

Laws, etc., applicable.

1. The internal legislation of both the United States and the United Kingdom shall remain applicable as regards everything not provided for by the stipulations contained in the present Agreement.

Notice of.

2. The Administrations shall communicate to each other from time to time the provisions of their laws or regulations applicable to the conveyance of parcels by Parcel Post.

Transportation, etc.

3. They shall regulate the mode of transmission of these parcels, and fix all other measures of detail and order necessary for ensuring the performance of the present Agreement.

A PROCLAMATION.

Preamble. Vol. 29, pp. 907, 911.

Whereas, The Lewis and Clarke Forest Reserve and The Flathead Forest Reserve, in the State of Montana, were established by proclamations dated February twenty-second, eighteen hundred and ninety-seven, under and by virtue of section twenty-four of the Act of Congress, approved March third, eighteen hundred and ninety-one, entitled, "An act to repeal timber-culture laws, and for other purposes", which provides, "That the President of the United States may, from time to time, set apart and reserve, in any State or Territory having public land bearing forests, in any part of the public lands wholly or in part covered with timber or undergrowth, whether of commercial value or not, as public reservations, and the President shall, by public proclamation, declare the establishment of such reservations and the limits thereof";

A PROCLAMATION.

Preamble.

The season is at hand when according to the custom of our people it falls upon the President to appoint a day of praise and thanksgiving to God.

During the last year the Lord has dealt bountifully with us, giving us peace at home and abroad and the chance for our citizens to work for their welfare unhindered by war, famine or plague. It behooves us not only to rejoice greatly because of what has been given us, but to accept it with a solemn sense of responsibility, realizing that under Heaven it rests with us ourselves to show that we are worthy to use aright what has thus been entrusted to our care. In no other place and at no other time has the experiment of government of the people, by the people, for the people, been tried on so vast a scale as here in our own country in the opening years of the 20th Century. Failure would not only be a dreadful thing for us, but a dreadful thing for all mankind, because it would mean loss of hope for all who believe in the power and the righteousness of liberty. Therefore, in thanking God for the mercies extended to us in the past, we beseech Him that He may not withhold them in the future, and that our hearts may be roused to war steadfastly for good and against all the forces of evil, public and private. We pray for strength, and light, so that in the coming years we may with cleanliness, fearlessness, and wisdom, do our allotted work on the earth in such manner as to show that we are not altogether unworthy of the blessings we have received.

Thursday, November 26, 1903, set apart as a day of national thanksgiving.

Now, therefore, I, Theodore Roosevelt, President of the United States, do hereby designate as a day of general thanksgiving Thursday, the twenty-sixth of the coming November, and do recommend that throughout the land the people cease from their wonted occupations, and in their several homes and places of worship render thanks unto Almighty God for His manifold mercies.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

NOW, THEREFORE, I, THEODORE ROOSEVELT, President of the United States of America, in order to preserve the neutrality of the United States and of their citizens and of persons within their territory and jurisdiction, and to enforce their laws, and in order that all persons, being warned of the general tenor of the laws and treaties of the United States in this behalf, and of the law of nations, may thus be prevented from an unintentional violation of the same, do hereby declare and proclaim that by the act passed on the 20th day of April, A. D. 1818, commonly known as the "neutrality law", the following acts are forbidden to be done, under severe penalties, within the territory and jurisdiction of the United States, to-wit:—

Vol. 3, p. 447.
R. S., Title LXVII, p. 1024.

Acts prohibited.

1. Accepting and exercising a commisssion to serve either of the said belligerents by land or by sea against the other belligerent.

2. Enlisting or entering into the service of either of the said belligerents as a soldier, or as a marine, or seaman on board of any vessel of war, letter of marque, or privateer.

3. Hiring or retaining another person to enlist or enter himself in the service of either of the said belligerents as a soldier, or as a marine, or seaman on board of any vessel of war, letter of marque, or privateer.

4. Hiring another person to go beyond the limits or jurisdiction of the United States with intent to be enlisted as aforesaid.

5. Hiring another person to go beyond the limits of the United States with intent to be entered into service as aforesaid.

6. Retaining another person to go beyond the limits of the United States with intent to be enlisted as aforesaid.

7. Retaining another person to go beyond the limits of the United States with intent to be entered into service as aforesaid. (But the said act is not to be construed to extend to a citizen or subject of either belligerent who, being transiently within the United States, shall, on board of any vessel of war, which, at the time of its arrival within the United States, was fitted and equipped as such vessel of war, enlist or enter himself or hire or retain another subject or citizen of the same belligerent, who is transiently within the United States, to enlist or enter himself to serve such belligerent on board such vessel of war, if the United States shall then be at peace with such belligerent.)

8. Fitting out and arming, or attempting to fit out and arm, or procuring to be fitted out and armed, or knowingly being concerned in the furnishing, fitting out, or arming of any ship or vessel with intent that such ship or vessel shall be employed in the service of either of the said belligerents.

9. Issuing or delivering a commission within the territory or jurisdiction of the United States for any ship or vessel to the intent that she may be employed as aforesaid.

10. Increasing or augmenting, or procuring to be increased or augmented, or knowingly being concerned in increasing or augmenting, the force of any ship of war, cruiser, or other armed vessel, which at the time of her arrival within the United States was a ship of war, cruiser, or armed vessel in the service of either of the said belligerents, or belonging to the subjects of either, by adding to the number of guns of such vessels, or by changing those on board of her for guns of a larger calibre, or by the addition thereto of any equipment solely applicable to war.

11. Beginning or setting on foot or providing or preparing the means for any military expedition or enterprise to be carried on from the territory or jurisdiction of the United States against the territories or dominions of either of the said belligerents.

Vessels of belligerents.

And I do hereby further declare and proclaim that any frequenting and use of the waters within the territorial jurisdiction of the United States by the armed vessels of either belligerent, whether public ships or privateers, for the purpose of preparing for hostile operations, or as posts of observations upon the ships of war or privateers or merchant vessels of the other belligerent lying within or being about to enter the jurisdiction of the United States, must be regarded as unfriendly and offensive, and in violation of that neutrality which it is the determination of this government to observe; and to the end that the hazard and inconvenience of such apprehended practices may be avoided, I further proclaim and declare that from and after the fifteenth day of February instant, and during the continuance of the present hostilities between Japan and Russia, no ship of war or privateer of either belligerent shall be permitted to make use of any port, harbor, roadstead, or waters subject to the jurisdiction of the United States from which a vessel of the other belligerent (whether the same shall be a ship of war, a privateer, or a merchant ship) shall have previously departed, until after the expiration of at least twenty-four hours from the departure of such last-mentioned vessel beyond the jurisdiction of the United States. If any ship of war or privateer of either belligerent shall, after the time this notification takes effect, enter any port, harbor, roadstead, or waters of the United States, such vessel shall be required to depart and to put to sea within twenty-four hours after her entrance into such port, harbor, roadstead, or waters, except in case of stress of weather or of her requiring provisions or things necessary for the subsistence of her crew, or for repairs; in either of which cases the authorities of the port or of the nearest port (as the case may be) shall require her to put to sea as soon as possible after the expiration of such period of twenty-four hours, without permitting her to take in supplies beyond what may be necessary for her immediate use; and no such vessel which may have been permitted to remain within the waters of the United States for the purpose of repair shall continue within such port, harbor, roadstead, or waters for a longer period than twenty-four hours after her necessary repairs shall have been completed, unless within such twenty-four hours a vessel, whether ship of war, privateer, or merchant ship of the other belligerent, shall have departed therefrom, in which case the time limited for the departure of such ship of war or privateer shall

be extended so far as may be necessary to secure an interval of not less than twenty-four hours between such departure and that of any ship of war, privateer, or merchant ship of the other belligerent which may have previously quit the same port, harbor, roadstead, or waters. No ship of war or privateer of either belligerent shall be detained in any port, harbor, roadstead, or waters of the United States more than twenty-four hours, by reason of the successive departures from such port, harbor, roadstead, or waters of more than one vessel of the other belligerent. But if there be several vessels of each or either of the two belligerents in the same port, harbor, roadstead, or waters, the order of their departure therefrom shall be so arranged as to afford the opportunity of leaving alternately to the vessels of the respective belligerents, and to cause the least detention consistent with the objects of this proclamation. No ship of war or privateer of either belligerent shall be permitted, while in any port, harbor, roadstead, or waters within the jurisdiction of the United States, to take in any supplies except provisions and such other things as may be requisite for the subsistence of her crew, and except so much coal only as may be sufficient to carry such vessel, if without any sail power, to the nearest port of her own country; or in case the vessel is rigged to go under sail, and may also be propelled by steam power, then with half the quantity of coal which she would be entitled to receive, if dependent upon steam alone, and no coal shall be again supplied to any such ship of war or privateer in the same or any other port, harbor, roadstead, or waters of the United States, without special permission, until after the expiration of three months from the time when such coal may have been last supplied to her within the waters of the United States, unless such ship of war or privateer shall, since last thus supplied, have entered a port of the government to which she belongs.

Rights of neutrals at sea. Vol. 10, p. 1105.

And I further declare and proclaim that by the first article of the Convention as to rights of neutrals at sea, which was concluded between the United States of America and His Majesty the Emperor of all the Russias on the 22nd day of July A. D. 1854, the following principles were recognized as permanent and immutable, to-wit:

"1. That free ships make free goods, that is to say, that the effects or goods belonging to subjects or citizens of a Power or State at war are free from capture and confiscation when found on board of neutral vessels, with the exception of articles contraband of war.

"2. That the property of neutrals on board an enemy's vessel is not subject to confiscation, unless the same be contraband of war."

Strict neutrality to be maintained.

And I do further declare and proclaim that the statutes of the United States and the law of nations alike require that no person, within the territory and jurisdiction of the United States, shall take part, directly or indirectly, in the said war, but shall remain at peace with each of the said belligerents, and shall maintain a strict and impartial neutrality, and that whatever privileges shall be accorded to one belligerent within the ports of the United States, shall be, in like manner, accorded to the other.

And I do hereby enjoin all the good citizens of the United States, and all persons residing or being within the territory or jurisdiction of the United States, to observe the laws thereof, and to commit no act contrary to the provisions of the said statutes, or in violation of the law of nations in that behalf.

Military aid to belligerents prohibited.

And I do hereby warn all citizens of the United States, and all persons residing or being within their territory or jurisdiction that, while the free and full expression of sympathies in public and private is not restricted by the laws of the United States, military forces in aid of either belligerent cannot lawfully be originated or organized within their jurisdiction; and that while all persons may lawfully, and without restriction by reason of the aforesaid state of war, manufacture

Contraband of war.

and sell within the United States arms and munitions of war, and other articles ordinarily known as "contraband of war", yet they cannot carry such articles upon the high seas for the use or service of either belligerent, nor can they transport soldiers and officers of either, or attempt to break any blockade which may be lawfully established and maintained during the war, without incurring the risk of hostile capture, and the penalties denounced by the law of nations in that behalf.

And I do hereby give notice that all citizens of the United States and others who may claim the protection of this government, who may misconduct themselves in the premises, will do so at their peril, and that they can in no wise obtain any protection from the government of the United States against the consequences of their misconduct. Notice.

IN WITNESS WHEREOF I have hereunto set my hand and caused the seal of the United States to be affixed.

DONE at the city of Washington this 11th day of February in the year of our Lord one thousand nine hundred and four and of the independence of the United States the one hundred and twenty-eighth. [SEAL.]

Commencing at 9 o'clock a. m., Tuesday, July 5, 1904, and ending at 6 o'clock p. m., Saturday, July 23, 1904, a registration will be had at Chamberlain, Yankton, Bonesteel, and Fairfax, State of South Dakota, for the purpose of ascertaining what persons desire to enter, settle upon, and acquire title to any of said lands under the homestead law, and of ascertaining their qualifications so to do. To obtain registration each applicant will be required to show himself duly qualified, by written application to be made only on a blank form provided by the Commissioner of the General Land Office, to make homestead entry of these lands under existing laws and to give the registering officer such appropriate matters of description and identity as will protect the applicant and the government against any attempted impersonation. Registration can not be effected through the use of the mails or the employment of an agent, excepting that honorably discharged soldiers and sailors entitled to the benefits of section twenty-three hundred and four of the Revised Statutes of the United States, as amended by the act of Congress approved March 1, 1901, (31 Stat., 847) may present their applications for registration and due proofs of their qualifications through an agent of their own selection, having a duly executed power of attorney, but no person will be permitted to act as agent for more than one such soldier or sailor. No person will be permitted to register more than once or in any other than his true name. Each applicant who shows himself duly qualified will be registered and given a non-transferable certificate to that effect, which will entitle him to go upon and examine the lands to be opened hereunder; but the only purpose for which he can go upon and examine said lands is that of enabling him later on, as hereinin provided, to understandingly select the lands for which he will make entry. No one will be permitted to make settlement upon any of said lands in advance of the opening herein provided for, and during the first sixty days following said opening no one but registered applicants will be permitted to make homestead settlement upon any of said lands, and then only in pursuance of a homestead entry duly allowed by the local land officers, or of a soldier's declaratory statement duly accepted by such officers.

Restrictions.

Drawings.

The order in which, during the first sixty days following the opening, the registered applicants will be permitted to make homestead entry of the lands opened hereunder, will be determined by a drawing for the district publicly held at Chamberlain, South Dakota, commencing at 9 o'clock a. m., Thursday, July 28, 1904, and continuing for such period as may be necessary to complete the same. The drawing will be had under the supervision and immediate observance of a committee of three persons whose integrity is such as to make their control of the drawing a guaranty of its fairness. The members of this committee will be appointed by the Secretary of the Interior, who will prescribe suitable compensation for their services. Preparatory to this drawing the registration officers will, at the time of registering each applicant who shows himself duly qualified, make out a card, which must be signed by the applicant, and giving such a description of the applicant as will enable the local land officers to thereafter identify him. This card will be subsequently sealed in a separate envelope which will bear no other distinguishing label or mark than such as may be necessary to show that it is to go into the drawing. These envelopes will be carefully pre-

served and remained sealed until opened in the course of the drawing herein provided. When the registration is completed, all of these sealed envelopes will be brought together at the place of drawing and turned over to the committee in charge of the drawing, who, in such manner as in their judgment will be attended with entire fairness and equality of opportunity, shall proceed to draw out and open the separate envelopes and to give to each enclosed card a number in the order in which the envelope containing the same is drawn. The result of the drawing will be certified by the committee to the officers of the district and will determine the order in which the applicants may make homestead entry of said lands and settlement thereon.

Notice. Notice of the drawings, stating the name of each applicant and number assigned to him by the drawing, will be posted each day at the place of drawing, and each applicant will be notified of his number and of the day upon which he must make his entry, by a postal card mailed to him at the address given by him at the time of registration. The result of each day's drawing will also be given to the press to be published as a matter of news.

Applications. Applications for homestead entry of said lands during the first sixty days following the opening can be made only by registered applicants and in the order established by the drawing. The land officers for the district will receive applications for entries at Bonesteel, South Dakota, in their district, beginning August 8, 1904, and until and including September 10, 1904, and thereafter at Chamberlain. Commencing Monday, August 8, 1904, at 9 o'clock a. m., the applications of those drawing numbers 1 to 100, inclusive, must be presented and will be considered in their numerical order during the first day, and the applications of those drawing numbers 101 to 200, inclusive, must be presented and will be considered in their numerical order during the second day, and so on at that rate until all of said lands subject to entry under the homestead law, and desired thereunder have been entered. If any applicant fails to appear and present his application for entry when the number assigned to him by the drawing is reached, his right to enter will be passed until after the other applications assigned for that day have been disposed of, when he will be given another opportunity to make entry, failing in which he will be deemed to have abandoned his right to make entry under such drawing.

Certificates of registration. To obtain the allowance of a homestead entry, each applicant must personally present the certificate of registration theretofore issued to him, together with a regular homestead application and the necessary accompanying proofs, and make the first payment of one dollar per acre for the land embraced in his application, together with the regular land office fees, but an honorably discharged soldier or sailor may file his declaratory statement through his agent, who can represent but one soldier or sailor as in the matter of registration. The production of the certificate of registration will be dispensed with only upon satisfactory proof of its loss or destruction. If at the time of considering his regular application for entry it appear that an applicant is disqualified from making homestead entry of these lands his application will be rejected, notwithstanding his prior registration. If any applicant shall register more than once hereunder, or in any other than his true name, or shall transfer his registration certificate, he will thereby lose all the benefits of the registration and drawing herein provided for, and will be precluded from entering or settling upon any of said lands during the first sixty days following said opening.

Town sites. Any person or persons desiring to found, or to suggest establishing, a townsite upon any of said ceded lands, at any point, may, at any time before the opening herein provided for, file in the land office a written application to that effect, describing by legal subdivisions the lands intended to be affected, and stating fully and under oath the necessity or propriety of founding or establishing a town at that place. The local officers will forthwith transmit said petition to the Commis-

sioner of the General Land Office with their recommendation in the premises. Such Commissioner, if he believes the public interests will be subserved thereby, will, if the Secretary of the Interior approve thereof, issue an order withdrawing the lands described in such petition, or any portion thereof, from homestead entry and settlement and directing that the same be held for the time being for townsite settlement, entry, and disposition only. In such event, the lands so withheld from homestead entry and settlement will, at the time of said opening and not before, become subject to settlement, entry, and disposition under the general townsite laws of the United States. None of said ceded lands will be subject to settlement, entry, or disposition under such general townsite laws except in the manner herein prescribed until after the expiration of sixty days from the time of said opening.

Sale of undisposed lands under homestead and town-site laws.
Ante, pp. 257, 700.

After the expiration of the said period of sixty days, but not before, and until the expiration of three months after the same shall have been opened for settlement and entry, as hereinbefore prescribed, any of said lands remaining undisposed of may be settled upon, occupied, and entered under the general provisions of the homestead and townsite laws of the United States in like manner as if the manner of effecting such settlement, occupancy, and entry had not been prescribed herein in obedience to law, subject, however, to the payment of four dollars per acre for the land entered, in the manner and at the time required by the said act of Congress above mentioned. After the expiration of three months, and not before, and until the expiration of six months after the same shall have been opened for settlement and entry, as aforesaid, any of said lands remaining undisposed of may also be settled upon, occupied, and entered under the general provisions of the same laws and in the same manner, subject, however, to the payment of three dollars per acre for the land entered in the manner and at the times required by the same act of Congress. After the expiration of six months, and not before, after the same shall have been opened for settlement and entry, as aforesaid, any of said lands remaining undisposed of may also be settled upon, occupied, and entered under the general provisions of the same laws and in the same manner, subject, however, to the payment of two dollars and fifty cents per acre for the land entered, in the manner and at the times required by the same act of Congress. And after the expiration of four years from the taking effect of this act, and not before, any of said lands remaining undisposed of shall be sold and disposed of for cash, under rules and regulations to be prescribed by the Secretary of the Interior, not more than six hundred and forty acres to any one purchaser.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Preamble. Vol. 26, p. 1103.

WHEREAS, it is provided by section twenty-four of the Act of Congress, approved March third, eighteen hundred and ninety-one, entitled, "An act to repeal timber-culture laws, and for other purposes", "That the President of the United States may, from time to time, set apart and reserve, in any State or Territory having public land bearing forests, in any part of the public lands wholly or in part covered with timber or undergrowth, whether of commercial value or not, as

public reservations, and the President shall, by public proclamation, declare the establishment of such reservations and the limits thereof";

And whereas, the public lands in the State of Utah, within the limits hereinafter described, are in part covered with timber, and it appears that the public good would be promoted by setting apart and reserving said lands as public reservations;

Forest reserve, Utah.

Palmer, which are hereby reserved for use for agency purposes; and saving and excepting Lots 4, 5, 6, and 7 of Sec. 10, the NW¼, the W½ of the SW¼ and Lots 5 and 6 of Sec. 15, Lots 1 and 2 of Sec. 9, the E½ of the NE¼, the SE¼ of the SE¼ and Lots 3, 4, and 5 of Sec. 16, T. 152 N., R. 65 W., of the fifth principal meridian, which are hereby reserved for public use as a park to be known as Sully's Hill Park, will, on the sixth day of September, 1904, at 9 o'clock A. M., in the manner herein prescribed, and not otherwise, be opened to entry and settlement and to disposition under the general provisions of the homestead and townsite laws of the United States.

Registration.

Commencing at 9 o'clock A. M., Monday, August 8th, 1904, and ending at 6 o'clock P. M., Saturday, August 20th, 1904, a registration will be had at Devils Lake and Grand Forks, State of North Dakota, for the purpose of ascertaining what persons desire to enter, settle upon, and acquire title to any of said lands under the homestead law, and of ascertaining their qualifications so to do. To obtain registration each applicant will be required to show himself duly qualified, by written application to be made only on a blank form provided by the Commissioner of the General Land Office, to make homestead entry of these lands under existing laws, and to give the registering officer such appropriate matters of description and identity as will protect the applicant and the Government against any attempted impersonation. Registration cannot be effected through the use of the mails or the employment of an agent, excepting that honorably discharged soldiers and sailors entitled to the benefits of section 2304 of the Revised Statutes of the United States, as amended by the act of Congress approved March 1, 1901 (31 Stat., 847), may present their applications for registration and due proofs of their qualifications through an agent of their own selection, having a duly executed power of attorney, but no person will be permitted to act as agent for more than one such soldier or sailor. No person will be permitted to register more than once or in any other than his true name.

R. S., sec. 2304, p. 422. Vol. 31, p. 847.

Applicants.

Each applicant who shows himself duly qualified will be registered and given a nontransferable certificate to that effect, which will entitle him to go upon and examine the lands to be opened hereunder; but the only purpose for which he can go upon and examine said lands is that of enabling him later on, as herein provided, to understandingly select the lands for which he will make entry. No one will be permitted to make settlement upon any of said lands in advance of the opening herein provided for, and during the first sixty days following said opening no one but registered applicants will be permitted to make homestead settlement upon any of said lands, and then only in pursuance of a homestead entry duly allowed by the local land officers, or of a soldier's declaratory statement duly accepted by such officers.

Drawings.

The order in which, during the first sixty days following the opening, the registered applicants will be permitted to make homestead entry of the lands opened hereunder, will be determined by a drawing for

the district publicly held at Devils Lake, North Dakota, commencing at 9 o'clock A. M., Wednesday, August 24th, 1904, and continuing for such period as may be necessary to complete the same. The drawing will be had under the supervision and immediate observance of a committee of three persons whose integrity is such as to make their control of the drawing a guaranty of its fairness. The members of this committee will be appointed by the Secretary of the Interior, who will prescribe suitable compensation for their services. Preparatory to this drawing the registration officers will, at the time of registering each applicant who shows himself duly qualified, make out a card, which must be signed by the applicant, and giving such a description of the applicant as will enable the local land officers to thereafter identify him. This card will be subsequently sealed in a separate envelope which will bear no other distinguishing label or mark than such as may be necessary to show that it is to go into the drawing. These envelopes will be carefully preserved and remain sealed until opened in the course of the drawing herein provided. When the registration is completed, all of these sealed envelopes will be brought together at the place of drawing and turned over to the committee in charge of the drawing, who, in such manner as in their judgment will be attended with entire fairness and equality of opportunity, shall proceed to draw out and open the separate envelopes and to give to each enclosed card a number in the order in which the envelope containing the same was drawn. The result of the drawing will be certified by the committee to the officers of the district and will determine the order in which the applicants may make homestead entry of said lands and settlement thereon.

Notice of drawings.

Notice of the drawings, stating the name of each applicant and number assigned to him by the drawing, will be posted each day at the place of drawing, and each applicant will be notified of his number, and of the day upon which he must make his entry, by a postal card mailed to him at the address given by him at the time of registration. The result of each day's drawing will also be given to the press to be published as a matter of news. Applications for homestead entry of said lands during the first sixty days following the opening can be made only by registered applicants and in the order established by the drawing. At the land office for the district at Devils Lake, North Dakota, commencing Tuesday, September 6, 1904, at 9 o'clock A. M., the applications of those drawing numbers 1 to 50, inclusive, must be presented and will be considered in their numerical order during the first day, and the applications of those drawing numbers 51 to 100, inclusive, must be presented and will be considered in their numerical order during the second day, and so on at that rate until all of said lands subject to entry under the homestead law, and desired thereunder, have been entered. If any applicant fails to appear and present his application for entry when the number assigned to him by the drawing is reached, his right to enter will be passed until after the other applications assigned for that day have been disposed of, when he will be given another opportunity to make entry, failing in which he will be deemed to have abandoned his right to make entry under such drawing.

Certificates of registration.

To obtain the allowance of a homestead entry, each applicant must personally present the certificate of registration theretofore issued to him, together with a regular homestead application and the necessary accompanying proofs, and make the first payment of one dollar and fifty cents per acre for the land embraced in his application, together with the regular land office fees, but an honorably discharged soldier or sailor may file his declaratory statement through his agent, who can represent but one soldier or sailor as in the matter of registration. The production of the certificate of registration will be dispensed with only upon satisfactory proof of its loss or destruction. If at the time

of considering his regular application for entry it appear that an applicant is disqualified from making homestead entry of these lands, his application will be rejected, notwithstanding his prior registration. If any applicant shall register more than once hereunder, or in any other than his true name, or shall transfer his registration certificate, he will thereby lose all the benefits of the registration and drawing herein provided for, and will be precluded from entering or settling upon any of said lands during the first sixty days following said opening.

Town sites.

Any person, or persons desiring to found, or to suggest establishing, a townsite upon any of said ceded lands, at any point, may, at any time before the opening herein provided for, file in the land office a written application to that effect, describing by legal subdivisions the lands intended to be affected, and stating fully and under oath the necessity or propriety of founding or establishing a town at that place. The local officers will forthwith transmit said petition to the Commissioner of the General Land Office with their recommendation in the premises. Such Commissioner, if he believes the public interests will be subserved thereby, will, if the Secretary of the Interior approve thereof, issue an order withdrawing the lands described in such petition, or any portion thereof, from homestead entry and settlement and directing that the same be held for the time being for townsite settlement, entry, and disposition only. In such event the lands so withheld from homestead entry and settlement will, at the time of said opening, and not before, become subject to settlement, entry, and disposition under the general townsite laws of the United States. None of said ceded lands will be subject to settlement, entry, or disposition under such general townsite laws except in the manner herein prescribed until after the expiration of sixty days from the time of said opening.

Disposal of remaining lands.
Ante, pp. 322, 700.

All persons are especially admonished that under the said act of Congress approved April 27, 1904, it is provided that no person shall be permitted to settle upon, occupy, or enter any of said ceded lands except in the manner prescribed in this proclamation until after the expiration of sixty days from the time when the same are opened to settlement and entry. After the expiration of the said period of sixty days, but not before, any of said lands remaining undisposed of may be settled upon, occupied, and entered under the general provisions of the homestead and townsite laws of the United States in like manner as if the manner of effecting such settlement, occupancy, and entry had not been prescribed herein in obedience to law, subject, however, to the payment of four dollars and fifty cents per acre for the land entered, in the manner and at the times required by the said act of Congress above mentioned.

Regulations.

The Secretary of the Interior shall prescribe all needful rules and regulations necessary to carry into full effect the opening herein provided for.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington this 2nd day of June, in the year of our Lord 1904, and of the Independence of the United States the one hundred and twenty-eighth.

A PROCLAMATION.

Preamble.

It has pleased Almighty God to bring the American people in safety and honor through another year, and, in accordance with the long unbroken custom handed down to us by our forefathers, the time has come when a special day shall be set apart in which to thank Him who holds all nations in the hollow of His hand for the mercies thus vouchsafed to us. During the century and a quarter of our national life we as a people have been blessed beyond all others, and for this we owe humble and heartfelt thanks to the Author of all blessings. The year that has closed has been one of peace within our own borders as well as between us and all other nations. The harvests have been

abundant, and those who work, whether with hand or brain, are prospering greatly. Reward has waited upon honest effort. We have been enabled to do our duty to ourselves and to others. Never has there been a time when religious and charitable effort has been more evident. Much has been given to us and much will be expected from us. We speak of what has been done by this nation in no spirit of boastfulness or vainglory, but with full and reverent realization that our strength is as nothing unless we are helped from above. Hitherto we have been given the heart and the strength to do the tasks allotted to us as they severally arose. We are thankful for all that has been done for us in the past, and we pray that in the future we may be strengthened in the unending struggle to do our duty fearlessly and honestly, with charity and goodwill, with respect for ourselves and with love toward our fellow-men. In this great republic the effort to combine national strength with personal freedom is being tried on a scale more gigantic than ever before in the world's history. Our success will mean much not only for ourselves, but for the future of all mankind; and every man or woman in our land should feel the grave responsibility resting upon him or her, for in the last analysis this success must depend upon the high average of our individual citizenship, upon the way in which each of us does his duty by himself and his neighbor.

Thursday, November 24, 1904, set apart as a day of national thanksgiving.

Now, therefore, I, Theodore Roosevelt, President of the United States, do hereby appoint and set apart Thursday, the twenty-fourth of this November, to be observed as a day of festival and thanksgiving by all the people of the United States at home or abroad, and do recommend that on that day they cease from their ordinary occupations and gather in their several places of worship or in their homes, devoutly to give thanks unto Almighty God for the benefits he has conferred upon us as individuals and as a nation, and to beseech Him that in the future His Divine favor may be continued to us.

IN WITNESS WHEREOF I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington this 1st day of November in the year of our Lord one thousand nine hundred and four and of the independence of the United States the one hundred and twenty-ninth.

Now, therefore, I, Theodore Roosevelt, President of the United States, by virtue of the power vested in me by the aforesaid act of Congress, approved June fourth, eighteen hundred and ninety-seven, do hereby make known and proclaim that the following described lands in the State of Colorado are hereby released and eliminated from the aforesaid South Platte Forest Reserve, and the aforesaid proclamation dated December ninth, eighteen hundred and ninety-two, establishing said reserve, is hereby vacated to that extent, and no more:

Lands released from.

In Township eleven (11) South, Range seventy-three (73) West, Sixth (6th) Principal Meridian, Colorado, the west half of Section eighteen (18), Section nineteen (19), the west half of Section twenty-eight (28), Sections twenty-nine (29), thirty (30), thirty-one (31) and thirty-two (32), and the south half and north-west quarter of Section thirty-three (33);

In Township twelve (12) South, Range seventy-three (73) West, Lots three (3) and (4) and the south-west quarter of Section three (3), Sec-

tions four (4) to nine (9), both inclusive, Sections sixteen (16) to twenty-one (21), both inclusive, the south half of Section twenty-two (22), the west half of Sections twenty-three (23) and twenty-six (26), and Sections twenty-seven (27) to thirty-five (35), both inclusive;

In Township ten (10) South, Range seventy-four (74) West, the west half of Section three (3), the east half of Section four (4), the south-east quarter of Section eight (8), Section nine (9), the west half of Section ten (10), Sections fifteen (15) to twenty-two (22), both inclusive, Sections twenty-seven (27) to thirty-three (33), both inclusive, and the north half and south-west quarter of Section thirty-four (34);

In Township twelve (12) South, Range seventy-four (74) West, Section thirteen (13), the east half of Sections fourteen (14) and twenty-three (23), Section twenty-four (24), the north half of Section twenty-five (25), and the north-east quarter of Section twenty-six (26).

Lands reserved.

And whereas, the public lands in the State of Colorado, within the limits hereinafter described, are in part covered with timber, and it appears that the public good would be promoted by setting apart and reserving said lands as a public reservation, I hereby further make known and proclaim, by virtue of the power vested in me by the aforesaid acts of Congress approved March third, eighteen hundred and ninety-one, and June fourth, eighteen hundred and ninety-seven, that the following described public lands are hereby reserved from entry or settlement, and are added to and made a part of the aforesaid South Platte Forest Reserve:

Vol. 26, p. 1103.

In Township eleven (11) South, Range seventy-four (74) West, Sections one (1) and two (2), the east half of Section three (3), the north-east quarter of Section ten (10), Sections eleven (11) and twelve (12), and the north half of Sections thirteen (13) and fourteen (14).

Lands excepted.

Excepting from the force and effect of this proclamation all lands which may have been, prior to the date hereof, embraced in any legal entry or covered by any lawful filing duly of record in the proper United States Land Office, or upon which any valid settlement has been made pursuant to law, and the statutory period within which to make entry or filing of record has not expired: *Provided*, that this exception shall not continue to apply to any particular tract of land unless the entryman, settler or claimant continues to comply with the law under which the entry, filing or settlement was made.

Date of opening to settlement lands restored to public domain.

The lands hereby excluded from the reserve and restored to the public domain shall be open to settlement from the date hereof, but shall not be subject to entry, filing or selection until after ninety days notice by such publication as the Secretary of the Interior may prescribe.

Reserved from settlement.

Warning is hereby expressly given to all persons not to make settlement upon the lands reserved by this proclamation.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington this 6th day of December, in the year of our Lord one thousand nine hundred and four, and of the Independence of the United States the one hundred and twenty-ninth.

THEODORE ROOSEVELT

By the President:

JOHN HAY

Secretary of State.

[No. 39.]

December 23, 1904.

By the President of the United States of America.

A PROCLAMATION.

Preamble. Vol. 29, p. 909.

Whereas, The Big Horn Forest Reserve, in the State of Wyoming, was established by proclamation dated February twenty-second, eighteen hundred and ninety-seven, under and by virtue of section twenty-four of the Act of Congress, approved March third, eighteen hundred and ninety-one, entitled, "An act to repeal timber-culture laws, and for other purposes", which provides, "That the President of the United States may, from time to time, set apart and reserve, in any State or Territory having public land bearing forests, in any part of the public lands wholly or in part covered with timber or undergrowth, whether of commercial value or not, as public reservations, and the President shall, by public proclamation, declare the establishment of such reservations and the limits thereof";

Vol. 26, p. 1103.

Vol. 30, p. 36.

And whereas, it is further provided by the Act of Congress, approved June fourth, eighteen hundred and ninety-seven, entitled, "An act making appropriations for sundry civil expenses of the Government for the fiscal year ending June thirtieth, eighteen hundred and ninety-eight, and for other purposes", that "the President is hereby authorized at any time to modify any Executive order that has been or may hereafter be made establishing any forest reserve, and by such modification may reduce the area or change the boundary lines of such reserve, or may vacate altogether any order creating such reserve"; under which provision, the boundary lines of the said forest reserve were changed and enlarged by proclamations dated June twenty-ninth, nineteen hundred, and May twenty-second, nineteen hundred and two;

Vol. 31, p. 1976.

Vol. 32, p. 2004.

And whereas, it appears that the public good would be promoted by releasing and excluding certain lands from the said forest reserve, and by including therein certain additional lands which are in part covered with timber;
